

Johns Hopkins University Department of Surgery (JHU DOS): Surgery Apprenticeship Program (SAP)

Executive Summary

There is no undergraduate summer research and clinical fellowship associated with the Department of Surgery at Johns Hopkins Hospital.

We believe that the early engagement of an undergraduate in an academic surgical experience will foster future academic surgeons. This summer fellowship will enhance the educational experience and investigative skills in both the research and clinical aspects of becoming an academician.

Goal: The undergraduate summer apprenticeship program (SAP) projected start date will be June 2019.

Application Deadline: February 19, 2020

Skype Interviews: March 2020

Acceptance letters: mid-March to early-April 2020

Completion of IRB/Clinical Shadowing training by student: April-early June 15, 2020

Fellowship period: June 15, 2020 to August 7, 2020. (Please note that you will need to complete training, paperwork, and all tests by Occupational Health the week before you start the fellowship. It is strongly recommended that you come to Baltimore 1 week ahead of your fellowship to complete these requirements).

Stipend: \$2000

Eligibility: Freshman to Senior level, undergraduate.

Number of positions offered: 1-2 positions (dependent on funding)

Clinical:

- Advice from medical students and residents.
- OR and clinic with attending surgeon.
