

# Hematology-Oncology

Hematology-oncology (7 South) is part of the Cancer & Blood Disorders Institute. As one of the first cancer facilities in Florida specifically for children, we specialize in treating children, teens and young adults, using the latest advances and most innovative therapies.

We are dedicated to treating children with both rare and common cancers and blood disorders including childhood leukemia and sickle cell disease.

## Unit Overview

- We are a 28-bed unit, serving children of all acuity levels and all ages. Our typical nurse-patient ratio is 1:3-4 for hematology-oncology and 1:2 for blood and marrow transplant.
- We were the first children's hospital in Florida certified to offer CAR-T therapy.

## Meet Our Team

- 30% of our nurses have been here > 5 years
- 26% of our nurses have a certification

## Recognitions

- 2022-2023 *U.S. News & World Report* #1 Children's Hospital in Tampa Bay
- ANCC Practice Transition Accreditation Program® (PTAP) accreditation — RN Residency Program
- Magnet designation

## What to Expect

- First-year orientation focuses on hematology-oncology
- After a year, a separate orientation on blood and marrow transplant patients
- 3 mentor nurses: chemotherapy mentor, bone marrow transplant mentor and a hematology-oncology mentor
