Frequently Asked Questions

What is the pay rate as a pharmacy technician trainee?

- You will be paid \$17.00/hr (full-time, 40 hours/week, day/evening rotating shift) in the training program.
- Upon successful program completion and obtain DC Board of Pharmacy registration, trainees will be promoted to a Pharmacy Technician position, with a \$17.44/hr pay rate.

What is my schedule in the Training Program?

- Your specific schedule/hours will depend on the activities that must be completed. During the didactic training days, your schedule will be 8:00am to 4:30pm. However, during the experiential training days, the schedule is variable. You are required to rotate weekends and holidays.

How flexible is my schedule? The schedule is not flexible. The technician training program follows a regimented weekly schedule to ensure that trainees complete all the required hours within the designated period. Technician trainees may be subject to dismissal from the training program if they are more than one week behind on the training program schedule.

What do I do if I need to take time off? Any requests for time off during your pharmacy technician training program duration must be approved by your preceptor and site-specific program coordinator. You will be required to make up missed days.

What equipment will I need before starting the Training Program? Sibley Memorial Hospital will provide equipment (ex: computer) for you to use for the duration of the training program. trainees will need to bring your own headphones.

What is the dress code? Hunter green scrubs. It is recommended that you purchase the required attire prior to starting the training program.

Requirements After Program Completion
