

ATTENTION PARENTS

If you have a child between the ages of 7 and 17 years,
he/she is invited to take part in a research study
at the Kennedy Krieger Institute/Johns Hopkins Hospital

WHO IS ELIGIBLE? Healthy, typically developing children and their parents

WHERE? Kennedy Krieger Institute

WHAT DOES THIS INVOLVE?

- A psychological evaluation with the parent and child.
- A brief measurement of your child's IQ
- A computer test to see how children react to different faces and words.
- The study takes approximately 2½ hours and requires one visit.

BENEFIT? There is no direct benefit to your child for participating in this study. The study provides a psychological evaluation.

RISK? There are no significant medical risks associated with this study.

COMPENSATION? \$25

CONTACT? Roma Vasa, M.D., Principal Investigator, 443-923-2643

Principal Investigator: Roma Vasa, M.D., Kennedy Krieger Institute

Study Title: Investigation of emotional attention and memory in healthy children

Protocol Number: NA_00004616

Research funded by National Institutes of Mental Health

Approved 09/14/2006
