

Parkinson's Disease Clinical Trial

For People with Cognitive Impairments

Investigators at the Johns Hopkins Hospital seek volunteers with Parkinson's disease, over 50 years old, for participation in a research study funded by Forest Pharmaceuticals.

If you have difficulty with your memory, you may qualify for this study.

Please call Melissa Gerstenhaber, R.N. at (410) 614-1242

Principal Investigator: Laura Marsh, M.D.

Approved 10/21/2004
