Frequently Asked Question:

Login Error Message

Some employees have received error messages when logging on to this page, if you receive an error message please hit password and follow the directions to get a new password. If you need further assistance please call the IT Help Desk (410) 955-HELP. The reason this can happen is because some employees login to other systems for work purposes with their JHED ID. However the “MyJohnsHopkins” site is the “credentialed” site for IT and their SSO site for Hopkins entities.
