Supervisors:

1. Supervisor should determine if the employee’s illness or injury on the job needs immediate medical attention as outlined in the “serious injury/illness” section in this policy HSE004.
2. Complete an Employee Report of Incident, <http://hopkinsmedicine.org/hse.stix.html>. Retain a copy in the department. Employee should bring the original copy to clinic.
3. If unable to complete and incident report at the time of injury, a call to the appropriate clinic is required to properly identify the employee and department and provide a brief explanation of the incident. Forward the completed Employee Report of Incident form to the Occupational Injury Clinic *before the end of the shift*.
4. If the employee reports an injury, illness or hazards but refuses to proceed to the designated campus clinic, document the employee’s claim on the Employee Report of Incident. Write “Employee refused treatment” on the form and send it to the appropriate injury clinic.
5. Discuss the injury/illness with the employee to prevent recurrence, understand factors involved, and notify Safety if indicated.
