

## **IBBS/NIH Roadmap Minisymposium**

*Center for Cell Dynamics &*

*HiT Center*

HIGH THROUGHPUT  
BIOLOGY

### **Novel Fluorescent Imaging Technologies: Basic Science and Drug Screening Applications**

**Alan Waggoner, Carnegie Mellon University**

**Technology overview: A new paradigm for fluorescent  
biosensors for cell pathways**

**Peter Berget, Carnegie Mellon University**

**Development and application of  
intracellular and protease biosensors**

**Jon Jarvik, Carnegie Mellon University**

**Drug screening applications**

Tuesday, May 19, 2009, 3:00-5:00pm

Rangos 490 - Reception to follow

Hosts: Drs. Steve Desiderio, Jef Boeke and Denise Montell
