About Intrastaff

Intrastaff, a subsidiary of the Johns Hopkins Health System, is the temporary staffing service for placement of clinical and non-clinical personnel for the Johns Hopkins Health System and University. Intrastaff was established to meet the temporary staffing needs of the System and has provided its clients with a qualified clinical and administrative temporary staff since 1987.

Mission Statement

Our number one obligation is to provide our clients with personal service. We operate as a cost-efficient organization that strives to best meet the needs of our customers as well as our employees while keeping costs to a minimum. Our employees are the strength of our service.

Intrastaff places RNs, LPNs, CNAs and allied health technicians in the areas of Critical Care, Adult, Pediatric and Neonatal, Telemetry, Medicine/Surgical, Operating Room, PACU, Oncology, Emergency Medicine, Cardiac Care, OB/GYN, Psychiatry, Outpatient Clinics, Patient Accounting, Quality Assurance, and physicians' offices with the minimum requirement of at least one year, full-time experience in their specialty.

Intrastaff places administrative support across the System in various departments.

Some of the locations where our services are currently utilized include The Johns Hopkins Hospital, Johns Hopkins Bayview Medical Center, Howard County General Hospital, Johns Hopkins Home Care Group, Johns Hopkins Community Physicians, Johns Hopkins at White Marsh, Johns Hopkins at Green Spring, and the Johns Hopkins University School of Medicine.

The Intrastaff administration office is structured under the direction of a masters prepared RN and includes an Operations Manager, two Recruitment Specialists and Nurse Educator, four Staffing Coordinators, a Payroll and Finance Coordinator, and two Office Support staff.
