

Scientific Sales Representative for Miltenyi Biotec

Miltenyi Biotec is a Global Leader in Magnet Assisted Cell Sorting -MACS- Technology

Currently looking for an individual with a strong scientific background who will understand how our product line impacts scientists' research. The sales area will be located in the Boston vicinity

Qualifications:

Finishing Graduate student or post-doctoral fellow/associate/researcher with a graduate degree in Life Sciences. Must be motivated to transition from laboratory/bench science work into consultative highly technical sales in the biotech industry. Requires ability to consult and sell our complex research products and instruments to academic and biotech research centers

We are willing to teach and train the right person, provide the tools they need to be successful in this position, but we cannot teach the science expertise

To apply, go to: Miltenyi Biotec, Inc. at www.miltenyibiotec.com
