

## **Business of bioscience career panel**

**Wednesday, August 12, 4:00-5:30PM**

**Mountcastle Auditorium (Pre-Clinical Teaching Bldg., 1st floor)**

This panel will highlight a variety of career options that bridge scientific discovery and business activities such as venture capital, technology transfer and business development. Panelists will share their experiences and provide practical advice on how to transition to a bio-business career in industry.

### *Guest panelists:*

- Simon Aspland, PhD, Principal, Acidophil, LLC
- Heather Bakalyar, PhD, MBA, Johns Hopkins Technology Transfer
- Subha B. Basu, PhD, Market Analysis Manager, BD Biosciences
- Justin Klein, MD, JD, Principal, New Enterprise Associates (NEA)
- Jaehyung Yoon, MSE, Venture Capital Analyst, Toucan Capital
