From the President
Our Commitment to Patient- and Family-Centered Care
We promise to care for you, and about you, in a manner that places you and your family at the center of everything we do.
We recognize you as an individual with individual needs and expectations. We recognize the importance of your family in your healing process.
Our commitment to patient- and family-centered care includes the exchange of relevant, timely and accurate communication; multidisciplinary collaboration and teamwork; continuity throughout your transitions of care; and coordination of care that meets your needs and preferences for health care, all in a culture that values caring and service.

Warm regards,
Richard Bennett, M.D., President

Welcome
Johns Hopkins Bayview Medical Center, a member of Johns Hopkins Medicine, provides compassionate health care that is focused on the uniqueness and dignity of each person we serve. We offer this care in an environment that promotes, embraces and honors the diversity of our global community. With a rich and long tradition of medical care, education and research, we are dedicated to providing and advancing medicine that is respectful and nurturing of the lives of those we touch.

Our Vision
Johns Hopkins Bayview Medical Center is widely recognized for innovation and excellence in clinical education and research in medicine. As a leading academic medical center, we will provide an enriching environment for our employees and an exceptional health care experience for our patients and their families.

Our Core Values
• Excellence & Discovery (Be the best)
• Leadership & Integrity (Be a role model)
• Diversity & Inclusion (Be open)
• Respect & Collegiality (Be kind)

NOTE: If you are in the hospital and calling the phone numbers listed in this guide, please dial “0” and the four-digit extension.
You're Special To Us

Our patient care teams value the individuality of each patient. Everyone is committed to meeting your needs and helping you heal. We recognize that you and your family play important roles in your care and healing process, and it helps us to know how we can meet your needs. Please talk to your health care provider if you want to learn more about or request services, such as:

- Interpreters
- Spiritual care
- Dietary preferences
- Cultural needs
- Pain management

When your patient care team is aware of your needs and preferences, we can work with you and your family to ensure your safety and comfort. This patient information handbook is filled with information about the special services we offer, patient rights and responsibilities, and patient safety and security measures.

We value the diversity of our patients and strive to provide culturally competent care to everyone.

Our Privacy Practices

Privacy and Confidentiality

We are committed to protecting your medical information. We create a record of the care and services you receive for use in your care and treatment. We are required by law to make sure that your medical information is protected. We also are required to give you notice describing your legal duties and privacy practices with respect to your medical information. Our privacy practices are described in the Johns Hopkins Notice of Privacy Practices, a booklet that explains how this obligation will be followed by all health care professionals, trainees, students, staff, volunteers and business associates of the Johns Hopkins organizations. To obtain a copy of this booklet, call the Admitting Office at 410-550-0830.

If you have a patient privacy concern, please call the Johns Hopkins Privacy Officer at 410-735-6509, Monday through Friday between 8:30 a.m. and 5 p.m.

Patient Bill of Rights and Responsibilities

We want to encourage you to speak openly with your health care team, take part in your treatment choices, and promote your own safety as a partner in your care. We want you to know your rights as well as your responsibilities during your stay at our hospital. We invite you and your family to join us as active members of your care team.

- YOU HAVE THE RIGHT to receive considerate, respectful and compassionate care in a safe setting, regardless of your age, gender, race, national origin, religion, sexual orientation, gender identity or disabilities.
- YOU HAVE THE RIGHT to receive care in a safe environment free from all forms of abuse, neglect or mistreatment.
- YOU HAVE THE RIGHT to be called by your proper name and to be in an environment that maintains dignity and adds to a positive self-image. We will respect your personal values, beliefs, cultural heritage and preferences.
- YOU HAVE THE RIGHT to be told the names of your doctors, nurses and all health care team members directing and/or providing your care.
- YOU HAVE THE RIGHT to have a family member or person of your choice and your own doctor promptly notified of your admission to the hospital.
- YOU HAVE THE RIGHT to be told by your doctor about your diagnosis and possible prognosis, the benefits and risks of treatment, and the expected outcome of treatment including unexpected outcomes. You have the right to give written informed consent before any non-emergency procedure begins, including risks, benefits and medical alternatives for your treatment.
- YOU HAVE THE RIGHT to make decisions about your health care, including the right to accept or refuse treatment to the extent permitted by law. You have the right to know about alternatives to your treatment and to be informed of the medical consequences of accepting or refusing treatment, including signing our against medical advice. If you leave the hospital against the medical advice of your doctor, the hospital and doctors will not be responsible for any medical consequences that may occur. You have the right to withdraw or deny consent at any time, unless a need for a restriction arises.
- YOU HAVE THE RIGHT to privacy and to expect that information about your care will be confidential, unless restricted by laws as described in the Health Insurance Portability and Accountability Act (HIPAA).
- YOU HAVE THE RIGHT to full consideration of your privacy and confidentiality in care discussions, exams and treatments.
- YOU HAVE THE RIGHT to have your pain assessed and to be involved in decisions about treating your pain.
- YOU HAVE THE RIGHT to be free from restraints and seclusion in any form that is not medically required.
- YOU HAVE THE RIGHT to access protective and advocacy services in cases of abuse or neglect. The hospital will provide a list of these resources.
- YOU HAVE THE RIGHT to agree or refuse to take part in medical research studies. You may withdraw from a study at any time without impacting your standard of care.
- YOU HAVE THE RIGHT to communication that you can understand. The hospital will provide sign language and foreign language interpreters, as needed at no cost. Information given will be appropriate to your age, understanding and language. If you have vision, speech, hearing and/or other impairments, you will receive additional aids to ensure your care needs are met.
- YOU HAVE THE RIGHT to make or revise an advance directive and appoint someone to make health care decisions for you if you are unable to do so yourself. If you do not have an advance directive, we can provide you with information and help you complete one. Your wishes will be respected to the extent allowed by law and hospital policy.
- YOU HAVE THE RIGHT to refuse to be treated here and to be transferred to another facility after we explain the risks and benefits of transfer.
- YOU HAVE THE RIGHT to be involved in your discharge plan. You can expect to be told in a timely manner of your discharge, transfer to another facility, or transfer to another level of care. Before your discharge, you can expect to receive information about follow-up care that you may need.
- YOU HAVE THE RIGHT to receive detailed information about your hospital and physician charges. You have the right to request a summarized list of charges.
- YOU CAN EXPECT that all communication and records about your care are confidential, unless law permits disclosure. You have the right to see or get a copy of your medical records. You have the right to request a list of people to whom your personal health information is disclosed.
- YOU HAVE THE RIGHT to give or refuse consent for recordings, photographs, films or other images to be produced or used for internal or external purposes other than identification, diagnosis or treatment. You have the right to withdraw consent up until a reasonable time before the item is used.
- YOU HAVE THE RIGHT to designate who may or may not visit.
- If you need assistance with an ethical issue, YOU HAVE THE RIGHT to contact the Ethics Committee by calling Patient Support at 410-550-6027 or the operator at 410-550-0100 (ask for the Ethics Committee member on-call).
- YOU HAVE THE RIGHT to voice your concerns about the care you receive. If you have a problem or complaint, you may talk with your doctor, nurse manager or department manager. You may also contact the Office of Patient Experience at 410-735-0626.

If your concern is not resolved to your satisfaction, you also may contact:

Your Responsibilities

• YOU ARE EXPECTED to provide complete and accurate information, including your full name, address, home telephone number, date of birth, Social Security number, insurance carrier and employer, when it is required.
• YOU SHOULD PROVIDE the hospital or your doctor with a copy of your advance directive if you have one.
• YOU ARE EXPECTED to provide complete and accurate information about your health and medical history, including present condition, past illnesses, hospital stays, medicines, vitamins, herbal products, and any other matters that pertain to your health, including perceived safety risks.
• YOU ARE EXPECTED to ask questions when you do not understand information or instructions. If you believe you cannot follow through with your treatment plan, you are responsible for telling your doctor. You are responsible for outcomes, if you do not follow the care and treatment plan.
• YOU ARE EXPECTED to actively participate in your pain management plan and to keep your doctors and nurses informed of the effectiveness of your treatment.
• YOU ARE ASKED to please leave valuables at home and notify nurses of the effectiveness of your treatment.
• YOU ARE EXPECTED to provide complete and accurate information about your health insurance coverage and to pay your bills in a timely manner.
• YOU HAVE THE RESPONSIBILITY to be on time, and call your health care provider if you cannot keep your appointments.

Your Health and Safety

Our health care partnership begins with our commitment to your safety. Patients who are involved with their care in the hospital tend to do better. By working together with your health care team, you can lower your risk of injury and make your stay safer.

Working Together Around the Clock

• Hourly Rounding
At Johns Hopkins Bayview, our goal is to visit you (round) every hour to check on you and address any needs you may have such as pain and personal comfort.

• Bedside Shift Report
To promote good communications between your nurses, and you and your family, we want you to join with your nurses in Bedside Shift Report. At this time your nurse who is going off duty shares important information about you with the nurse coming on duty—at your bedside. Bedside Shift Report helps make sure you get high-quality care. If you have questions or concerns about your care, Bedside Shift Report provides a good time to raise them. Ask your nurse if you have questions about the report.

• Communication Board
You have a communication board in your room. On it, your health care team will write the names of staff who will be working with you each day. You can review your communication board with your health care team during the bedside shift report.

Speak Up!

Speak up if you have any questions or concerns.
Pay attention to the care you are receiving.
Educate yourself so you fully understand your diagnosis and treatment.
Ask a trusted family member or friend to be your advocate.
Know about your medicine. Medicine errors are the most common health care mistakes.
Use an accredited health care facility, like Johns Hopkins Bayview, that has completed rigorous inspections to ensure safety and quality.
Participate in all decisions about your treatment plan.

Hand Hygiene

Hand hygiene is your top priority and the number one intervention to prevent health care-associated infections. We perform surveillance for hand hygiene compliance using a “secret shopper” methodology. Unknown observers monitor hand hygiene practices on all of our units using standardized definitions and data collection procedures. There also is a direct feedback program with known monitors who watch, educate and take the name of staff at the moment they are observed not appropriately performing hand hygiene. We monitor hand hygiene compliance upon each entry to and exit from a patient care room or area.

Our Partnership Pledge

We take a team approach to your safety.

We pledge to:
• Coordinate your care.
• Explain your care and treatment.
• Listen to your questions or concerns.
• Ask if you have safety concerns and take steps to address them.
• Ask about your pain often and keep you as comfortable as possible.
• Check your identification before any medication, treatment or procedure is given.
• Label all lab samples in your presence.
• Clean our hands often.

We ask you or a loved one to:
• Ask questions.
• Speak up if you are concerned about a test, procedure or medicine.
• Check the information on your ID bracelet for accuracy.
• Be clear and complete about your medical history, including current medications.
• Please wear your ID bracelet throughout your stay.
• Clean your hands often and remind visitors to do the same.
• We will not carry out our pledge to you.

Your Health Care Team

While you receive treatment, you are likely to have a team of health care professionals involved in your care. This well-rounded team enhances your care.

The members include:
• Attending Physician – doctor that supervises your treatment
• Residents/Interns/Fellows – doctors specializing in a selected field of medicine who create your treatment plan
• Nurse Practitioners/Physician Assistants – licensed professionals who work closely with the attending physician in planning your care
• Registered Nurses – nurses will plan and evaluate your daily care, administer medications and treatments, and provide education for discharge
• Pharmacists – a pharmacist will review your medication orders and work with your doctor and nurse to ensure safe and accurate medication therapy

Others who may be involved in your care:
• Clinical Dietitians
• Nursing Support Staff
• Social Workers/Care Managers
• Rehabilitation Specialists (Physical Therapists, Occupational Therapists and Speech Language Pathologists)
• Chaplains/Spiritual Care
• Nursing/Medical Students
• Your caregiver

Preventing Falls

In the hospital, people can be at a higher risk for falls. Illness, surgery and medicines can weaken or affect your balance and judgment. Also, medical equipment and the unfamiliar environment can make movement more difficult. We are committed to keeping you safe from injury during your stay.

During your stay we will:
• Assess you for your risk of falling upon admission and as your condition changes.
• Determine what preventive measures should be taken to try to prevent a fall while you are in the hospital, and share this information with other staff involved in your care.
• Show you how to use your call bell and remind you when to call for help.
• Respond to your calls for assistance in a timely manner.
• Assist you with getting in and out of bed and using the restroom as needed.
• Visit you (round) every hour to check on you.
We ask you or a loved one to:

- Exercise program.

- Staying as active as you can and participating in an exercise program.
- Wearing sturdy shoes or slippers that fit well and have non-slip bottoms.
- Installing a grab bar in your shower or tub, and if necessary, using a shower seat.
- Using non-slip carpets.
- Using walking aids, such as a cane or walker.
- Wearing your glasses or contacts.
- Getting your vision checked regularly.
- Use caution when walking around with wires, oxygen or other tubing.

You can prevent falls at home by:

- Getting your vision checked regularly.
- Wearing your glasses or contacts.
- Using walking aids, such as a cane or walker.
- Checking your home for hazards, including clutter, loose carpets, poor lighting and extension cords.
- Using non-slip carpets.
- Installing a grab bar in your shower or tub, and if necessary, using a shower seat.
- Telling your doctor if you feel dizzy or lightheaded.
- Using tissues or the bend of your elbow. Both tissues and masks are available upon request. Please use these if you have a runny nose, sneeze or cough. Please remember to wash your hands, especially after you sneeze, cough or use a tissue.

Visitors

If your visitors are sick, you should ask them not to visit.

Vaccinations

When you are admitted to the hospital, you may be asked about your desire to have a flu or pneumococcal vaccination. They are very effective at reducing the spread of disease.

Additional Preventive Measures

There are some bacteria that require special measures to prevent the spread of infection: Methicillin Resistant Staphylococcus Aureus (MRSA), Vancomycin Resistant Enterococci (VRE) or Clostridium Difficile (C-diff). These infections can be spread by contact with clothing, hands, personal items or health care equipment. If you have one of these conditions you will be placed in “isolation” to prevent the spread of infection to others. A sign will be posted on the room door, and both staff and visitors will be required to wear protective gowns and gloves, and in some cases, a mask. Hand hygiene is very important in preventing the spread of these conditions. If you are in isolation, speak to your care provider before leaving your room.

Understanding and Treating Your Pain

There are many different causes and kinds of pain. Treating pain is the responsibility of your doctor, nurse and other members of your health care team. You can help them by asking questions and finding out more about how to relieve your pain.

Managing your pain:

- Most pain can be controlled.
- Communication with your health care team about your pain is important.
- You and your health care team can work together to manage your pain.

Questions your health care team will ask you about your pain:

- “Where do you feel pain?”
- “How long have you had the pain?”
- “How does the pain feel; is it dull, tender, aching, cramping, gnawing, squeezing?”
- “What makes the pain worse? What makes the pain better?”

Questions to ask your health care team:

- What pain medicine is being ordered or given to me?
- Can you explain the doses and times that I should take this medicine?
- How often will I need to take the pain medicine?
- How long will I need to take the pain medicine?
- Can I take the pain medicine with food?
- Can I take the pain medicine with other medicines?
- Should I avoid drinking alcohol while taking the pain medicine?
- Are there any side effects of the pain medicine?
- What should I do if the medicine makes me sick to my stomach?
- What can I do if the pain medicine doesn’t work?
- What else can I do to treat my pain?

Remember: Your health care team will not know how much pain you feel. You can be asked to rate your pain using a scale like one of these. Choose a number from 0-10 that best describes your pain, with 10 being the worst.

Medication Safety

While you are in the hospital, it is important to talk to your health care team about your medicines. Bring a list of medications you take at home, including:

- Prescription medicines
- Over-the-counter medicines (like aspirin and cough medicine)
- Vitamins
- Herbal products
- Diet supplements
- Natural remedies
- Amount of alcohol you drink each week
- Recreational drugs
Nutrition
Your nutrition care and recovery are very important to us. Your physician and a registered dietitian evaluate your medical status and prescribe a diet appropriate for your medical condition. This is why we ask that family members not bring you food from home. If, for religious or cultural reasons, you are unable to select from your menu, please advise your nutrition representative so we may accommodate your needs. If you have questions about your meal service, please call 410-550-0635 between 5 a.m. and 7:30 p.m., or if you have questions about special dietary concerns, you can reach a nutrition services representative by calling 410-550-1549. Meal delivery times vary by patient unit. The staff on your unit will know what the delivery times are for that particular unit. We request that you eat in your room, unless you have the written consent of your physician. If possible, please assist us by clearing your over-bed table at meal times. Please notify the nursing staff and/or patient advocate in advance if you wish to purchase a meal tray for a guest.

Admitting and Registration
The registration process is in place to update current information and correct changes. By checking your address, birth date and other information, we are making sure that your medical record and bills are handled smoothly and accurately.

Room Assignment
Upon admission, the nursing staff will show you the features of your room, including your bed controls and the nurse-call system.

Cashier’s Office
The cashier’s office, located on the main level of the Francis Scott Key Pavilion, provides a safe to secure your personal valuables, if needed, and accepts payments for your hospital bills. The office is open Monday through Friday from 8 a.m. to 4 p.m.

Advance Directives
Advance directives are documents you create to describe the extent of medical treatment you do or do not want to receive if you are unable to communicate your wishes. You have the right to make an advance directive, such as a living will or durable power of attorney for health care, and to appoint someone to make health care decisions for you if you are unable. Upon your admission, your health care team will ask you if you have an advance directive. We recommend that you discuss advance directives with your family members, doctors, nurses and clergy while you are alert and feeling well. Bring any advance directives you may already have to the hospital with you.

Guide Dogs and Other Service Animals
Service animals are those animals trained to help patients and visitors with activities of daily living. They are welcome in any area of the hospital that is unrestricted to patients and visitors, provided that the presence of the service animal does not alter the policies, practices or procedures of Johns Hopkins Bayview Medical Center. For information, call the Office of Patient Experience at 410-550-0626.

Cell Phones
The use of cell phones is prohibited where critical medical equipment is in operation. Please read and follow all posted signs about the use of cell phones, and use only in approved areas.

Personal Items and Valuables
You are encouraged to bring only essential items to the hospital such as sleepwear and toiletries. Large sums of money, keys, jewelry, personal papers and other valuables should be left at home. For safety reasons, do not bring radios, hair dryers, fans, heaters or other electric devices. Personal equipment with two-pronged plugs is not permitted. The hospital is not responsible for lost or stolen items, such as laptops, portable music players, cell phones, money or jewelry.

To keep your personal items secure you should:

- Keep eyeglasses and hearing aids in a case in the top drawer of your bedside table when you are not using them.
- Keep dentures in a denture cup in the top drawer of your bedside table. Do not place dentures on your food tray, in a disposable cup, on the bed linens or in a tissue.
- Place clothing in your room closet, bedside table or suitcase.

No Smoking
To protect the health of our patients, visitors and staff, smoking is prohibited (including the use of electronic cigarettes) in all areas of the hospital and is limited to the assigned smoking areas on the campus. If you are interested in smoking cessation, ask your health care provider about resources or call 1-800-QUIT NOW to be connected to the quit line in your state.

Admitting and Registration
The registration process is in place to update current information and correct changes. By checking your address, birth date and other information, we are making sure that your medical record and bills are handled smoothly and accurately.

Room Assignment
Upon admission, the nursing staff will show you the features of your room, including your bed controls and the nurse-call system.

Cashier’s Office
The cashier’s office, located on the main level of the Francis Scott Key Pavilion, provides a safe to secure your personal valuables, if needed, and accepts payments for your hospital bills. The office is open Monday through Friday from 8 a.m. to 4 p.m.

Mail Delivery
Mail is picked up from the mailroom once daily. The nursing staff will bring your mail to your room. Stamped outgoing mail may be left with the nursing unit secretary for mailing. Mail collection boxes are located at the entrances to the Pavilion (red awning) and the John R. Burton Pavilion.

Telephone
There will be a daily charge for use of the telephone with a one-time activation fee. The daily charge for this service can be billed to your home phone number. Your service will end upon discharge. To stop service at any time during your stay or for more information about charges or billing, please call 1-800-775-8352.

Television
We are pleased to offer free TV service during your stay. This includes access to:

- Your favorite TV channels.
- On-demand patient education videos. Choose from a wide range of topics to learn about your illness, treatment or ways to stay healthy.
- The Care Channel and In Room Symphony. Tune in to these stations for pretty scenery and soothing music.

Your Experience

Advise Directives
Advance directives are documents you create to describe the extent of medical treatment you do or do not want to receive if you are unable to communicate your wishes. You have the right to make an advance directive, such as a living will or durable power of attorney for health care, and to appoint someone to make health care decisions for you if you are unable. Upon your admission, your health care team will ask you if you have an advance directive. We recommend that you discuss advance directives with your family members, doctors, nurses and clergy while you are alert and feeling well. Bring any advance directives you may already have to the hospital with you.

Room Assignment
Admitted patients may have access to a menu with more selection and customization, including build-your-own sandwiches and made-to-order omelets and pizzas. Room service is available from 6:30 a.m. to 6:30 p.m. each day.

Medical Orders for Life-Sustaining Treatment (MOLST)
A physician, physician assistant or nurse practitioner may ask you about a Medical Orders for Life-Sustaining Treatment form, or MOLST. This form gives you options for cardiopulmonary resuscitation and other life-sustaining treatments that 911 emergency services will follow, as well as any Maryland hospital or health care facility. The medical orders may instruct 911 responders to provide comfort care instead of resuscitation if that is your wish. Be sure to keep extra copies available. You can find more information at http://marylandmolst.org/pages/consumers.htm. If you have any questions about MOLST, please ask your health care team.

Nutrition
Your nutrition care and recovery are very important to us. Your physician and a registered dietitian evaluate your medical status and prescribe a diet appropriate for your medical condition. This is why we ask that family members not bring you food from home. If, for religious or cultural reasons, you are unable to select from your menu, please advise your nutrition representative so we may accommodate your needs. If you have questions about your meal service, please call 410-550-0635 between 5 a.m. and 7:30 p.m., or if you have questions about special dietary concerns, you can reach a nutrition services representative by calling 410-550-1549. Meal delivery times vary by patient unit. The staff on your unit will know what the delivery times are for that particular unit. We request that you eat in your room, unless you have the written consent of your physician. If possible, please assist us by clearing your over-bed table at meal times. Please notify the nursing staff and/or patient advocate in advance if you wish to purchase a meal tray for a guest.

No Smoking
To protect the health of our patients, visitors and staff, smoking is prohibited (including the use of electronic cigarettes) in all areas of the hospital and is limited to the assigned smoking areas on the campus. If you are interested in smoking cessation, ask your health care provider about resources or call 1-800-QUIT NOW to be connected to the quit line in your state.
Visitation

We acknowledge the positive impact that visitation has on the healing process. The Medical Center supports open visitation according to the preferences of the patients we serve.

Visitation is a right that is given fully and equally to those visitors chosen by the patient (or his/her representative) regardless of race, color, national origin, religion, sex, sexual orientation, gender identity or disability.

Visitors may be restricted at the discretion of the Medical Center if the comfort or safety of any patient, staff or other visitor is determined to be a risk or if the operation of the facility will be impeded significantly as a result of the visitation (i.e. interferes with a patient care team’s ability to practice safely, disrupts the delivery of patient care or creates a hostile or intimidating environment). The Medical Center also reserves the right to request visitor identification.

For your child’s health and the comfort of our patients, we request children under 12 not visit. Children without authorization to visit will remain at the entrance waiting area and must be supervised by an adult at all times.

It is expected that visitors will:
• Not visit if they are sick.
• Maintain a quiet environment and avoid unnecessary noise.
• Wash with hand gel before entering the room and exiting the room.
• Comply with any infection control practices that may be important to the patient’s condition (e.g. wear isolation gown, mask and/or gloves).
• Comply with safety and security procedures.
• Act in a respectful manner.
• Not take photographs or videos without prior patient and hospital authorization.
• Wear and display visitor wristbands at all times while on hospital property.
• Not take photographs or videos without prior patient and hospital authorization.
• Dress appropriately—shirt and shoes must be worn while in the Medical Center.

In response to a visitor who has displayed unacceptable behaviors of any kind, security measures including visitor restriction and or legal action will be taken. Unacceptable behaviors include but are not limited to:
• Offensive remarks of a racial or sexual nature.
• Use of physical violence or acting in a threatening manner toward staff.
• Coming on hospital property under the influence of drugs or alcohol.
• Damage of hospital property.
• Theft.
• Possession of weapons or firearms.
• Retaliation against any person who addresses or reports unacceptable behavior.
• Excessive noise that is distracting to others in the vicinity.
• Use of loud, threatening, abusive or obscene language.
• Harassment of any kind, including inappropriate telephone calls to a staff member.
• Use of foul, threatening, abusive or obscene language.
• Unreasonable interference with a patient’s plan of care.

Parking

Parking is available in the Medical Center parking garage and visitor parking lots at a reasonable hourly and daily rate. A number of spaces are available for people with disability. If you visit the Medical Center often, ask at the parking garage office (located in the garage) about purchasing a coupon book at a discounted rate. For more information about parking, call 410-550-0168.

Food and Snacks

Office of Patient Experience

Quality health care is our goal for every patient. Your care team is specially trained to take care of your needs. In some cases, you may want to talk with someone about a special concern, an issue, or if you would like to recognize our faculty or staff. Patient representatives help with your concerns and, if necessary, can act as your direct contact with administration.

For assistance, call 410-550-0626 or the operator at 410-550-0100.

Spiritual Care and Chaplaincy

Spiritual Care and Chaplaincy is available to patients and families of all faith traditions. Our chaplains provide spiritual and emotional support and comfort to patients and their loved ones during their hospital experience. Chaplains may provide religious and sacramental services, listening and support, as well as assistance with faith-specific needs, such as prayer or advice about a spiritual practice. Chaplains are available 24/7 and can be reached by asking your nurse or calling the operator at 410-550-0100. You also may want to call your own clergy or spiritual support person to let them know you are in the hospital. The meditation chapel, located on the main floor of the Medical Center, is available to patients and families of all beliefs. A prayer book is available in the chapel for writing down specific prayers. These prayers are collected and each one is prayed aloud at the beginning of the day by the chaplains. Spiritual Care and Chaplaincy can be reached by calling 410-550-7569.

Community Health Library

We invite outpatients, families, friends and neighbors to visit our Community Health Library. Located on the main floor of the Francis Scott Key Pavilion, it offers a variety of information on health and wellness issues. The library provides access to reliable medical resources through print and online resources. There is a library staff member available to assist you with all of your research needs. The library is open from 9 a.m. to noon and 1 to 4 p.m. on weekdays. Please call 410-550-0681 for more information.

Ethics Committee

The Ethics Committee is committed to serving the needs of the Medical Center with respect to ethical concerns that may arise in the course of patient care. The Ethics Committee provides an ethics consultation service for patients, family members and staff faced with difficult treatment decisions. The committee includes physicians, nurses, administrators, social workers, clergy and community representatives. To request a consult, call Patient Support at 410-550-7097, Monday through Friday, 8:30 a.m. to 5 p.m. After hours and on weekends, call the paging operator at 410-550-0100.

Interpreters

Foreign language interpreters are available. For Spanish and Greek interpreters, your health care team can assist you, or you can call Patient Support at 410-550-0627.

For telephonic interpretation, the CyraCom foreign language phones are available on every patient unit. Your nurse can assist you.

For sign language interpreters or to arrange for a TTY (text telephone), your nurse can assist you, or you can call Patient Support at 410-550-0627.

Labyrinth

The labyrinth provides community members, patients, visitors and employees with a peaceful, meditative and healing space. This spiral walking course, which leads into the center and back out, helps people find physical and mental relaxation. The labyrinth is located on Mason Lord Drive.

Organ and Tissue Donation

Organ and tissue donations provide new hope to seriously ill or injured persons. We participate with The Living Legacy Foundation to manage organ and tissue donations. If you already have a donor card, it is important that your family is fully informed of your wishes. We comply with state and federal laws and offer the option of organ and tissue donation to all families when it is appropriate. Please ask the Medical Center staff for information about your option to donate or call the Living Legacy Foundation of Maryland at 1-800-641-HERO (4376).

Palliative Care

The Palliative Care team helps patients and families dealing with serious illnesses. The team addresses physical, psychological, social and spiritual needs and can help patients cope with the pain and anxiety that comes with serious health problems.

The team consists of a physician, nurse practitioner, social worker and chaplain who can visit you in your hospital room. Any person with a serious or chronic illness, or who is suffering from uncomfortable symptoms, or who has family members who are experiencing stress related to their loved one being in the hospital, could benefit from a visit from the Palliative Care team. If you would like someone from the Palliative Care team to meet with you, ask your doctor to make the referral.

Patient and Family Advisory Council

Your health care experience can improve the health of our communities. We are looking for patients and families who are willing to share their experience and become a vital part of our Patient and Family Advisory Council (PFAC).

Your participation can:

• Promote improved relationships between families and hospital staff.
• Shape change throughout the Medical Center and improve patient safety.
• Provide a venue for patients and families to assist in providing input on the delivery of services to patients.
• Give others the chance to hear the voice of the patient.

To learn more, or to apply as a PFAC volunteer, please call 410-550-0627.

Volunteers

We have many volunteers who donate their time and talent to enhance your stay. Volunteers are available in departments throughout the Medical Center. Many of them enjoy visiting at the bedside, talking with patients, and performing clerical and other services. If you would like more information, please call Volunteer Services at 410-550-0627.

Your Experience

After you return home, you may receive a survey in the mail asking you to tell us about your experiences at. Your feedback is very important to us, so please take the time to complete the survey.

Medical Records

Your medical records are available in your online MyChart account at no charge. MyChart is a secure website that lets you access important information from your hospital record. It includes most test results, diagnosis and medications. When you leave the hospital, the last page of your After Visit Summary (AVS) has an activation code and other information to help you set up your account. If your personal physician is affiliated with Johns Hopkins Medicine, you may have already set up your account. For more information, view our Frequently Asked Questions at mychart.hopkinsmedicine.org.

MyChart

You have the right to obtain a copy of your medical records and to request that your records be provided to someone else (subject to certain limitations). In order to protect your privacy, we must have your written permission before releasing the records. You can contact Health Information Management Monday through Friday, 8:30 a.m. to 5 p.m., at 410-550-0688, or email the department at jhbmchim@jhmi.edu.

When completing the health record release form:

• Be sure to fill it out completely, including signing and dating it.
• No information can be released unless the form is properly signed and dated. Incomplete forms may be returned to you for completion.
• If you are the health care agent or court appointed representative, please bring proof of your authority to act on behalf of the patient.

Return the completed form (and any attachments) via fax, in person or by mail.

Fax # 410-550-3409

Mailing address: Johns Hopkins Bayview Medical Center, 4940 Eastern Avenue, Baltimore, MD, 21224

Attention: Health Information Management
About Your Bill
Maryland’s Health Services Cost Review Commission sets and approves rates and charges for Johns Hopkins Bayview Medical Center. The commission’s purpose is to protect patients from unjust and unfair costs and control hospitals’ charges.

Before admission, all non-emergency patients will be asked for evidence of adequate hospital and medical insurance. Many insurance carriers require us to contact them for approval before admission.

A representative from the pre-billing office will contact you for your insurance information available (insurance company’s name, contract number, group number). As a convenience to you, we will bill your insurance company.

If you do not have health insurance, have difficulty paying your bill, believe you are entitled to Medical Assistance or if you have questions about your account before or during your stay, contact your Certified Application Counselor/Financial Counselor at 410-550-0830 or 410-550-3505. Unless arrangements have been made, payment in full is due on receipt of your final bill. We accept MasterCard, VISA, Discover and American Express. Insurance carriers, Medicare and Medicaid require separate billing for professional fees from physicians and hospital charges. The bills are outlined in the section that follow.

Patient Billing and Financial Assistance Information

Billing Rights and Obligations
Not all medical costs are covered by insurance. The hospital makes every effort to see that you are billed correctly. It is up to you to provide complete and accurate information about your health insurance coverage when you are brought into the hospital or visit an outpatient clinic. This will help make sure that your insurance company is billed on time. Some insurance companies require that bill be sent in soon after you receive treatment or they may not pay the bill. Your final bill will reflect the actual cost of care minus any insurance payment received and/or payment made at the time of your visit. All charges not covered by your insurance are your responsibility.

Financial Assistance
If you are unable to pay for medical care, you may qualify for free or reduced-cost medically necessary care if you:
- Are a U.S. citizen or permanent resident living in the U.S. for a minimum of one year.
- Have no other insurance options.
- Have been denied medical assistance or fail to meet all eligibility requirements.
- Meet specific financial criteria.

If you do not qualify for Maryland Medical Assistance or financial assistance, you may be eligible for an extended payment plan for your medical bill. You can call 443-997-0200 or 1-877-361-8702 with questions concerning:
- Your hospital bill.
- Your rights and obligations with regard to your hospital bill.
- How to apply for free and reduced cost care.
- How to apply for Maryland Medical Assistance or other programs that may help pay your medical bills.

For more information about Maryland Medical Assistance, contact your local department of social services at 1-800-332-6347, TTY 1-800-925-4434 or visit www.dhhs.state.md.us.

If you need health insurance, you can contact the Maryland Health Connection at 1-855-642-8572, TTY 1-855-642-8573 or marylandhealthconnection.gov.

Health Information Exchange
As permitted by law, we may share information that we obtain or create about you with other health care providers through the Chesapeake Regional Information System for our Patients, Inc. (CRISP), Maryland’s internet-based health information exchange (HIE). HIE is a way of instantly sharing health information among doctors’ offices, hospitals, labs and radiology centers, and will assist your doctors in making decisions about your care.

You may choose to “opt out” of CRISP. “Opting out” means that doctors will be unable to access your health information through the CRISP HIE. However, opting out of the HIE will not prevent your doctor from being able to use the HIE to view the results of tests ordered by your doctor. You may “opt out” by contacting CRISP at 1-877-952-7477. You may change your decision at any time by contacting CRISP.

Your Johns Hopkins Bayview Medical Center Bill
Your Medical Center bill includes room and associated charges, X-rays, laboratory work, medicines and other medical supplies. If you have both inpatient (overnight stays) and outpatient (same-day or office visit) services, these may be billed separately.

Your Doctor’s Bill
Your doctor’s bill includes fees for examinations, care and interpretation of diagnostic tests. You may receive several bills if more than one physician is involved in your care. Bills should be paid according to arrangements made during the admission process.

Physician charges are not included in hospital bills and are billed separately.

Going Home

Discharge
Once your doctor has completed your discharge forms, you may leave the Medical Center. You may want to make arrangements with a family member or friend to help you when you is time to go home. If you arrange for someone to take you home, there are several 30 minute parking areas available for your driver at the main entrance. Please take an extra minute to ensure you have all of your belongings.

Discharge Instructions
Before you leave, your nurse provides instructions, prescriptions and return appointment slips. Please make certain you ask questions if you do not understand your discharge plan or prescribed medication.

Pharmacy
Discharged patients, as well as those who visit the clinics on a follow-up basis, may have their prescriptions filled at our outpatient pharmacy.

As part of our effort to ensure comprehensive and consistent care, we offer patients a full-service pharmacy located in the Bayview Medical Offices. The pharmacy can fill your prescription(s) and over-the-counter medication needs.

Safe Practices
As a partner in your health care, continue safe practices at home:
- Assign a Health Buddy.
- Talk with your doctors and pharmacist. Ask questions and write down what they say.
- Obtain bedside rails at home if you need them.
- Keep a phone or bell near your bed so you can alert someone when you need help.
- Never smoke in bed.
- Maintain safe practices at home if you have oxygen equipment. Oxygen is highly flammable.
- Use a grounded or three-prong connector for medical equipment. Do not use extension cords.

Congratulations!

As a partner in your health care, continue safe practices at home:
- Assign a Health Buddy.
- Talk with your doctors and pharmacist. Ask questions and write down what they say.
- Obtain bedside rails at home if you need them.
- Keep a phone or bell near your bed so you can alert someone when you need help.
- Never smoke in bed.
- Maintain safe practices at home if you have oxygen equipment. Oxygen is highly flammable.
- Use a grounded or three-prong connector for medical equipment. Do not use extension cords.

Called to Care
Called to Care is a program that prepares and supports individuals caring for loved ones with health-related needs or limitations. The program, which is funded in part by the Weinberg Foundation, offers assistance in several ways: supportive services, education, and partnerships with community organizations and agencies. For more information, call 410-550-8018.

Bridge to Home and Health Buddy Program
Being discharged from the hospital or seeing your health care provider can be overwhelming. Identifying a friend or family member to provide extra support when you leave the hospital or visit your health care provider can help you manage your health care in a variety of ways. Here are a few examples of how your Health Buddy can help you: by being present at the hospital when discharge instructions are reviewed, scheduling health care appointments, getting your prescriptions filled and helping to organize your medications. Your Health Buddy will be your partner in health. For additional information, please talk to your health care provider.
