

Parkinson's Disease Or Control Database for Future Research Studies

Investigators at the Johns Hopkins Hospital seek volunteers with Parkinson's disease or controls (without neurological disease) over 21 years old, who agree to be contacted for future research studies. Agreeing to this **does not** obligate you to participate in any study you may be contacted about.

Please call Melissa Gerstenhaber, R.N. at (410) 614-1242

Principal Investigator: Laura Marsh, M.D.
