### APPLY FOR GRANTS

Applying at Grants.gov can reduce your costs and the time required to find opportunities and process your application. The site provides access to multiple grantors and reduces paperwork, postal costs and storage costs, in addition to its efficiency as a one-stop storehouse of grants information.

By downloading a grant application package, you can view it offline, giving you the flexibility to complete the application when and where you want. You can also route it through your organization for easy review and then submit it with a simple click.

Before you apply, remember you must be [registered](#), and you must have the Funding Opportunity Number (FON) and/or CFDA number of the desired grant. Once those steps are complete, you will be ready to download the application package and begin the 4-step process to apply for a grant:

**Step 1: [Download a Grant Application Package and Instructions](#)**

You should have the FON and/or CFDA number. If so, you can [find the application package at the following page](#). If not, return to Find Grant Opportunities [Find Grant Opportunities](#) to search for this information.

In order to view the application package, you will need to install the [PureEdge Viewer](#), [link to a small, free program that provides access to the grant application. To operate the PureEdge Viewer, your computer must meet certain [system requirements](#). If you are a non-Windows users, please refer to this [support page](#).
