

POSTDOCTORAL FELLOW COURSE REGISTRATION PROCEDURES

Johns Hopkins University School of Medicine
Office of the Registrar
733 North Broadway, Suite 147
Baltimore, MD 21205
(Revised 9/2016)

You may register for courses in most Johns Hopkins divisions outside of the School of Medicine (SOM) without being subject to tuition charges. Note, however, that there are some limitations, including:

- Acceptance of registration is subject to the rules and deadlines of the host division. There may be prerequisites or limited or restricted availability of some courses.
- Be sure when registering to make it clear to the person assisting you that you are a School of Medicine Postdoctoral Fellow to facilitate proper identification of your status and to avoid being billed for tuition charges.
- While tuition is covered, any other fees associated with a course are the responsibility of the student. Non-payment of fees will affect the student's ability to register for subsequent courses.
- Requests for transcripts should be made to the division in which courses have been taken. No transcript will be available for courses taken for audit interdivisionally.
- Registration for winter intersession and summer courses will require the postdoctoral fellow to first come to the School of Medicine Registrar's Office to obtain a Verification of Enrollment form. Failure to obtain this form prior to registration will result in the student being billed for tuition fees.
- Peabody does not offer courses to School of Medicine students through this program. If you are interested in taking courses at Peabody, you will need to register directly with that division and you will be responsible for tuition fees and other any other applicable charges. Contact information for the Registrar is listed in the table below.
- Should you decide to seek a degree from a division outside the School of Medicine, be aware that you will no longer be able to register under these guidelines and will be subject to tuition charges.

Refer to the information below for specific registration instructions by division
