Step 3. Invest Your Contribution (deciding who will receive your pledge):

- You may choose to contribute to United Way of Central Maryland, the Johns Hopkins Neighborhood Fund, any of the 6 geographic areas supported through UWCM, 2-1-1 Maryland, UWCM Healthy Food Initiative or a specific agency.
NOTE: For all of the UWCM impact partners, select the first option and search by name or organizational number (an agency listing is available at www.hopkinsmedicine.org/unitedway). The minimum amount to designate is \$50 per agency. You may also select any other health or human service non-profit agency by searching the national data base or writing in your agency. If you write in, please provide as much information about that agency as you can. You may select up to 8 agencies. If you have additional agencies you would like to include, please write them on a piece of paper and send to JHM Campaign for United Way at the address listed above. If UW determines that your agency is ineligible to receive funds, they will contact you.
-

- If applicable, assign a percentage value to each agency selected to total 100% or a dollar amount to equal total amount pledged.
- If you have invested your gift in one or more of the above areas and do not want a particular agency to receive a portion of your gift, please indicate the agency in the “Negative Designations” box.
