US FAMILY HEALTH PLAN

Johns Hopkins Community Physicians brings Johns Hopkins primary care to neighborhoods throughout Maryland. Physicians specializing in internal medicine, pediatrics, family practice and Ob/Gyn provide care to children and adults at 17 medical practices. Johns Hopkins Community Physicians is one of the largest physician groups in Maryland.

The Johns Hopkins Community Physicians offices range in size from large, multiservice practices offering several specialties to small, private practice-style offices. Patients also benefit from after-hours medical advice from triage nurses, and multiple medical and health-related services on site.

This provider directory is a guide to the Johns Hopkins Community Physicians medical practices statewide. For the most up-to-date, detailed listing of medical providers and locations, please check our Web site:
