## MEDICAL IMAGING

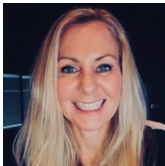

### Neuroradiology Specialists

Meet our expert neuroradiologists who are subspecialized in imaging related to the brain, head, neck and spine. They read at Johns Hopkins Medical Imaging in Bethesda, Sibley Memorial Hospital, and Suburban Hospital. Our National Capital Region based neuroradiologists are part of the Neuroradiology division at The Johns Hopkins School of Medicine.

**Monica Watkins, M.D.** *Director of NCR Neuroradiology & Clinical Associate*

Dr. Watkins received a medical degree from the University of Chicago-Pritzker School of Medicine. She completed internship at Georgetown-INOVA Fairfax Hospital followed by a Diagnostic Radiology residency and neuroradiology fellowship at Johns Hopkins Hospital. Prior to joining Johns Hopkins in the National Capital Region, she was a staff neuroradiologist for Howard County General Hospital and director of a private practice outpatient center from 2006-2015. She served as Subspecialty Chief of Neuroradiology for the Mid-Atlantic Permanente Medical Group 2015-2017.

**Maureen Barry, M.D.** *Clinical Associate*

Dr. Barry earned her medical degree from Westchester Medical Center and completed diagnostic radiology residency at Westchester Medical Center and Rutgers University. Dr. Barry completed a neuroradiology fellowship at Columbia Medical Center. Before joining Johns Hopkins, she worked in private practice, as a clinical instructor at Eastern Carolina University and assistant professor at Rutgers University.

**Tadesse Eshetu, M.D.** *Clinical Associate*

Dr. Eshetu received his medical degree from Case Western University. He later served as diagnostic neuroradiologist at the University of Kentucky and practiced in the San Francisco Bay and Phoenix areas. He completed fellowships in neuroradiology at Johns Hopkins Hospital and the University of Maryland Medical Center. Dr. Eshetu completed his residency at the University of Maryland Medical Center.

**Paul Goldberg, M.D.** *Clinical Associate*

Dr. Goldberg earned his medical degree from the University of Maryland and a residency in diagnostic radiology with the University of Maryland Medical System followed by a fellowship in neuroradiology at Georgetown University Medical Center. He comes to Johns Hopkins from a private practice in the neuroradiology section. Previously, he served as medical director of the Department of Radiology at Florida Hospital Fish Memorial and Central Florida Regional Hospital.

**Myles Reedy, M.D.** *Clinical Associate*

Dr. Reedy comes to Johns Hopkins after several years in private practice, where he was an attending neuroradiologist and affiliate teaching professor at the Brody School of Medicine. Dr. Reedy earned his medical degree from Emory University. He went on to complete a diagnostic radiology residency, as well as neuroradiology fellowship, at Wake Forest University Baptist Medical Center.

**Kavya Reddy, M.D.** *Clinical Associate*

Dr. Reddy earned her medical degree from Wake Forest University School of Medicine. She completed a diagnostic radiology residency and neuroradiology fellowship at the University of North Carolina, Chapel Hill. She comes to Johns Hopkins from a private practice in Raleigh, NC, where she served as a staff radiologist and division chief of neuroradiology.

**Nisha Sankaran, M.D.** *Clinical Associate*

Dr. Sankaran earned her medical degree from Saint Petersburg State Pediatric Medical University and completed her diagnostic radiology residency at the University of Mississippi Medical Center. She completed her neuroradiology fellowship training at Johns Hopkins University and spent several years in private practice before returning to Johns Hopkins.
