# SOM Online Technologies

Robert Kearns, MS  
Director of Online Education  
Johns Hopkins School of Medicine

# Learning Objectives

- Describe the tools available for online course delivery
- Identify where to go for additional training or next steps to use these tools

# Online Technologies

- Online course sites
- Lecture capture and streaming
- Student engagement
- Assessment
- Evaluation

# Online Course Sites

## Blackboard

- All courses that live with registrar automatically get sites created
- Anyone can request community site
- JHED ID required

## myLearning

- Ideal for internally-focused self-paced training

## Docebo ([learn.hopkinsmedicine.org](http://learn.hopkinsmedicine.org))

- Available to outside audiences
- Usually courses sold for a fee

**Blackboard**

# Online Course Sites

## Blackboard

- “Course home” where everything else can be linked from
- Announcements
- Course content
- Discussion boards
- Quizzes and exams
- Grade book
- Group email

For help setting up a course or for a tutorial, contact Susan Kerfoot ([smroz@jhmi.edu](mailto:smroz@jhmi.edu))

**Blackboard**
