IRB Assignment

Application is awaiting review type and IRB committee assignment.

IRB Review

Compliance Team Review

AND

RSS Review-Pre IRB

• Application is assigned to a preteam IRB Coordinator/Analyst and/or Compliance Associate for pre-IRB meeting review.

PI Response-Pre IRB

• Pre-IRB meeting reviewer notes (from pre-team IRB Coordinator/Analyst and compliance associate) have been sent to study team; Application requires the study team to respond and resubmit within 60 days.

CFS Review-Pre IRB

When the application is re-submitted to the IRB, application is assigned to Consent Form Specialist team for pre-meeting review/processing.

Waiting Outcome

Application has been assigned for review and is waiting for post team to record meeting outcome.

Post IRB Review

CFS Review-Post IRB

RSS Application is assigned to Consent Form Specialist team for post meeting review/processing.

RSS Review-Post IRB

Meeting outcome has been recorded by post-team IRB Coordinator/Analyst. Post-team performs all post meeting responsibilities.

OR

PI Response-Post IRB

• Application received an outcome other than "Approved or Disapproved". Post-IRB meeting reviewer notes have been sent to the study team. Application requires the study team to respond and resubmit within 60 days.

Outcomes

RSS Review-Pre IRB

• Pre-team IRB
Coordinator/Analyst
will review study
team's response to
post meeting reviewer
notes. Once all issues
have been addressed
then application will
go through the
process again starting
at the ""Waiting
Outcome" point.

Approved/Acknowledged

Application is approved/acknowledged and research may begin.

Approved/Acknowledged with Administrative Changes

The application requires administrative changes and re-review before final approval documents can be issued.

Tabled

The application does not meet the criteria for approval at the time of review. A letter will be issued to the PI with review issues to resolve.

Disapproved

Application is disapproved. A new application must be submitted to pursue this study
