

## Johns Hopkins Infusion Center Locations Accepted by the JHM IRB for Research Infusion Activities

For the infusion of study drugs (e.g., monoclonal antibodies, chemotherapeutic agents, radiolabeled ligands, etc.), the JHM IRB recognizes the following locations with clinical infusion centers as having acceptable safety and first response provisions, along with trained personnel to perform research infusion services:

- Johns Hopkins All Children's Hospital
  - Johns Hopkins All Children's Hospital Outpatient Care Center Infusion Center, St. Petersburg
  - Johns Hopkins All Children's Outpatient Care Center, Tampa
- Johns Hopkins Bayview Medical Center
  - Johns Hopkins Oncology Infusion Center at Bayview Medical Center, Sidney Kimmel Comprehensive Cancer Center
  - Johns Hopkins Infusion Center at Bayview Medical Center, Burton Pavilion
- The Johns Hopkins Hospital
  - Johns Hopkins Hospital, Adult Intravenous Infusion Center, Park Building 1<sup>st</sup> floor
  - Johns Hopkins Hospital, Sickle Cell Infusion Center, Park Building 1<sup>st</sup> floor
  - Johns Hopkins Hospital, Pediatric Specialty Clinic, David M. Rubenstein Child Health Building
  - Johns Hopkins Hospital, Kimmel Cancer Center Infusion Center, Weinberg Building 1<sup>st</sup> floor
  - Johns Hopkins Hospital, Urgent Care Clinic, Weinberg Building 2<sup>nd</sup> floor
  - The Skip Viragh Outpatient Infusion Center, 6<sup>th</sup> floor
- Johns Hopkins Community Physicians
  - Johns Hopkins Infusion Center at Howard County General Hospital, Howard County Medical Arts Building
- Johns Hopkins Home Care Group
  - Johns Hopkins Infusion Center at Green Spring Pavilion II
  - Johns Hopkins Infusion Center at Johns Hopkins Home Care Group, Holabird
- Johns Hopkins University, School of Medicine
  - Johns Hopkins Oncology Infusion Center at Green Spring Station Pavilion III
  - Johns Hopkins Infusion Center at Columbia Knoll North
  - Johns Hopkins Infusion Center at Green Spring Joppa Concourse Building
- Sibley Memorial Hospital
  - Johns Hopkins Oncology Infusion Center at Sibley Memorial Hospital, Sidney Kimmel Comprehensive Cancer Center
- Suburban Hospital
  - Outpatient Monoclonal Antibodies (mAb) Infusion Center (4th floor south)

If your study will be using any of the above locations for study drug infusion (i.e., you have selected "yes"), you do not have to upload any additional information for this High-Risk Review criterion.
