Comments:						
Please circle the appropriate	answer for each question					
	ized this medication in the p	past for this Y N				
patient (i.e., previous authorization is on file under this plan)?						
NOTE: The use of physician samples, or manufacturer product discounts, does not guarantee coverage under the provisions of the medical and/or pharmacy benefit.  All pertinent criteria must be met in order to be eligible for benefit coverage.						
[If yes, skip to que	estion 15.]					

2.	Does the patient have any of the following diagnoses: A) uveitis, B) sarcoidosis, C) graft-versus-host disease, D) interleukin-2 toxicity, E) Langerhan's cell histiocytosis, F) myositis, G) nephrotic syndrome, H) amyloidosis, I) periodic fever syndrome, J) renal transplant syndrome, K) definitive radiographic axial spondyloarthritis with evidence of structural damage on sacroiliac joints?	
	[If yes, no further questions.]	
3.	Does the patient have a diagnosis of active psoriatic Y N arthritis?	
	NOTE: Submission of medical records is required.	
	[If no, skip to question 6.]	
4.	Has the patient tried and had insufficient response to at least two formulary disease-modifying antirheumatic drugs (DMARDs) including methotrexate?	
	NOTE: Submission of medical records is required.	
	[If yes, skip to question 14.]	
5.	Does the patient have a contraindication to at least two disease-modifying antirheumatic drugs (DMARDs) including methotrexate?	
	NOTE: Submission of medical records is required.	
	[If yes, skip to question 14.]	
	[If no, no further questions.]	
6.	Does the patient have a diagnosis of active ankylosing y N spondylitis?	
	NOTE: Submission of medical records is required.	
	[If no, skip to question 8.]	
7.	Has the patient tried and had insufficient response to an adequate trial of two full doses nonsteroidal anti-inflammatory drug (NSAID) therapies?	
	NOTE: Submission of medical records is required.	
	[If yes, skip to question 14.]	
	[If no, no further questions.]	
8.	Does the patient have a diagnosis of chronic moderate to Y N severe plaque psoriasis?	
	NOTE: Submission of medical records is required.	
	[If no, no skip to question 11.]	
9.	Does the patient have either of the following: A) body surface area involvement of greater than 5 percent, or B) body surface area involvement of less than or equal to 5 percent, but involves sensitive areas (palms/soles of feet, genitalia and head/neck)?	
	NOTE: Submission of medical records is required.	
	[If no, no further questions.]	

10. Has the patient tried and had insufficient response to phototherapy or systemic disease-modifying antirheumatic drug (DMARD) therapy with methotrexate?  NOTE: Submission of medical records is required.  [If yes, skip to question 14.]  [If no, no further questions.]  11. Does the patient have adult-onset active non-radiographic axial spondyloarthritis (nr-axSpA)?  NOTE: Submission of medical records is required.  [If no, no further questions.]  12. Does the patient have objective signs of inflammation indicated by C-reactive protein (CRP) levels above the upper limit of normal OR sacroliitis on magnetic resonance imaging (MRI)?  NOTE: Submission of medical records is required.  [If no, no further questions.]  13. Has the patient tried and had insufficient response to at least two full dose nonsteroidal anti-inflammatory drug (NSAID) therapies?  NOTE: Submission of medical records is required.  [If no, no further questions.]  14. Is the patient 18 years of age or older?  Y N  [If yes, skip to question 16.]  [If no, no further questions.]  15. Is the patient experiencing clinical improvement from treatment supported by one of the following outcomes: A) reduction in the signs and symptoms, B) prolonged beneficial clinical response, C) inhibition of structural damage progression, or D) improved physical functioning?  NOTE: Submission of medical records is required.  [If no, no further questions.]  16. Is the requested drug being prescribed for FDA-approved dosages and dosing intervals?  NOTE: Submission of medical records is required.  [If no, no further questions.]	
[If yes, skip to question 14.]  [If no, no further questions.]  11. Does the patient have adult-onset active non-radiographic axial spondyloarthritis (nr-axSpA)?  NOTE: Submission of medical records is required.  [If no, no further questions.]  12. Does the patient have objective signs of inflammation indicated by C-reactive protein (CRP) levels above the upper limit of normal OR sacroiliitis on magnetic resonance imaging (MRI)?  NOTE: Submission of medical records is required.  [If no, no further questions.]  13. Has the patient tried and had insufficient response to at least two full dose nonsteroidal anti-inflammatory drug (NSAID) therapies?  NOTE: Submission of medical records is required.  [If no, no further questions.]  14. Is the patient 18 years of age or older?  [If yes, skip to question 16.]  [If no, no further questions.]  15. Is the patient experiencing clinical improvement from treatment supported by one of the following outcomes: A) reduction in the signs and symptoms, B) prolonged beneficial clinical response, C) inhibition of structural damage progression, or D) improved physical functioning?  NOTE: Submission of medical records is required.  [If no, no further questions.]  16. Is the requested drug being prescribed for FDA-approved dosages and dosing intervals?  NOTE: Submission of medical records is required.  [If no, no further questions.]	phototherapy or systemic disease-modifying antirheumatic
