

Reminder: MDH Changeover to New Provider Enrollment System

Effective Date: May 6, 2026

Health Plans Affected: Priority Partners

Type of Change: Provider Enrollment Platform

Explanation of Change:

Johns Hopkins Health Plans reminds our Priority Partners providers that Maryland Medicaid will transition from ePREP, the current online provider enrollment and revalidation portal system, to a new Medicaid Provider Enrollment portal system. The new system, titled MPRIME (Maryland Provider Registration and Information Management Enterprise), is set to go live in October 2026.

Phased hold on ePREP applications begins July 1

Starting this summer, providers are required to wait until the new system is available to make any enrollment updates, including new enrollments, revalidations and any changes to existing enrollment accounts.

- Effective July 1, 2026, applications may not be submitted in ePREP for high and moderate risk provider types.
- Effective August 1, 2026, applications may not be submitted in ePREP for limited risk provider types.

For any questions, please contact mdh.providerenrollment@maryland.gov.

An [FAQ document](#) is also available with details on the ePREP transition.
