

Provider Update

This update contains pertinent information about changes that will impact the Johns Hopkins HealthCare provider network.

Priority Partners \$50 Postpartum Visit Reimbursement

On behalf of Priority Partners Managed Care Organization, Johns Hopkins HealthCare is pleased to inform you that effective with dates of service April 1, 2018 and beyond, you will be able to submit a separate claim for the postpartum visit for Priority Partners members and receive \$50.00 in reimbursement.

This quality initiative is driven by a specific postpartum HEDIS measure. In order to be eligible for payment, the postpartum visit must be rendered within the specified HEDIS time line of 21-56 days after delivery; therefore, providers will need to bill with Category II CPT code 0503F on the claim form in order to be reimbursed \$50.00 for this service.

Please note that this service is only payable when performed within 21-56 days after the delivery date in order to meet HEDIS specifications.

If you should have any questions regarding this quality initiative please contact your Provider Relations Network Manager at 1-888-895-4998.

Working in tandem with you, the health care provider, we look forward to providing the best possible care for our members.

Important Notice:

Please distribute this important billing information to your billing departments.

Please contact the JHHC Provider Relations department at 1-888-895-4998 with any questions or concerns
