

Provider Update

This update contains pertinent information about changes that will impact the Johns Hopkins HealthCare provider network.

eviCore healthcare Adds New Codes for Prior Authorization Effective January 1, 2022

Effective: January 1, 2022

Health Plans Affected: Priority Partners, Johns Hopkins Advantage MD

Type of Change: Expansion of eviCore Prior Authorization Codes

Explanation of Change:

Effective Jan. 1, 2022, providers in the Advantage MD and Priority Partners, networks must obtain prior authorization for medical necessity from eviCore for certain new High Tech Radiology and Advanced Cardiac Imaging codes, and providers in the Priority Partners network must obtain prior authorization for certain new Laboratory codes (see linked list below). The prior authorization requirement applies to members of all ages.

Providers should submit prior authorization requests via the [eviCore portal](#) or, if the portal cannot be accessed, by calling eviCore at 866-220-3071.

View the lists of new [eviCore codes for ADVMD-PPMCO](#) and [eviCore codes for PPMCO Only](#) effective Jan. 1, 2022 that will require prior authorization.

Please contact the JHHC Provider Relations department at 888-895-4998 with any questions or concerns.
