New CPT® Codes for Advantage MD Requiring Prior Authorization

Effective Date: Feb. 20, 2023

Health Plans Affected: Johns Hopkins Advantage MD

Type of Change: Prior Authorization

Explanation:

Effective Feb. 20, 2023, JHHC will require prior authorization for selected medical procedure codes for Johns Hopkins Advantage MD. This requirement affects members of all ages enrolled in these plans.

The [list of procedure codes](#) requiring prior authorization is provided for reference purposes only and may not be all inclusive.

The listing of a code does not imply that the service described by the code is a covered or non-covered health service. Benefit coverage for health services is determined by the member specific benefit plan document and applicable laws that may require coverage for a specific service. The inclusion of a code does not imply any right to reimbursement or guarantee claim payment. Other Policies and Guidelines may apply.

Please refer to the Johns Hopkins Prior Authorization Lookup tool (JPAL), located in the [HealthLINK](#) portal, to check and verify prior authorization requirements for outpatient services and procedures.

Note: Prior authorization requirements are subject to change.
