Pework is necessary

Objectively review your graphics

# The Deployment

*Did I mention pre-work?*

---

Pre work is important

---

Practice, practice and practice again

---

Consider using the notes feature on ppt

---

Do not clutter your presentation

---

Do not read verbatim unless you are sharing take away points

# The Delivery

## *General confidence boosting techniques*

If you are unprepared, you will not do well.

Know your audience. Are you speaking to experts or to people who have come to gain new knowledge.

Be intentional about your appearance.

Be mindful of body language and spoken language.

If using terms that might be unfamiliar, be ready to explain

# Determination

*You can do this!*

**#1 Tip: Pre work**

**#2: Preparation**

**#3: Practice**

**#4: Push Through**

# Conclusion

*Impact trumps Precision!*
