

Meet Our Preceptors!

Suburban Hospital: PGY-1 Pharmacy Residency Program

Rohini Choudhuri, PharmD, was born in Kansas and earned her pharmacy degree from University of Maryland. Upon graduation, she completed a PGY-1 Residency at Suburban Hospital. Rohini is the Residency Program Director and strives to always improve our program by listening to feedback and allowing preceptors and residents to practice at the top of their license! Rohini is also the Cardiology Pharmacist and works with hospitalists, intensivists, and the stroke team to optimize patient care. Her interests include all types of cultural dance, spending time with friends and family, and tofu!

Rotations: Orientation, Cardiology, Management

June Pfeiffer, PharmD, was born in Alabama and earned her pharmacy degree from the University of Maryland. She completed her PGY-1 Residency at Suburban Hospital. June is one of our Internal Medicine pharmacists and has a special interest in Transitions of Care and medication education. These interests provide a unique opportunity to help improve patient outcomes and continuity of care. Outside of pharmacy, her interests are spending time with her family, cooking and baking, and reading!

Rotations: Transitions of Care, Medication Education

Lee Ann Alexander, RPh, BCGP, was born in New York and earned her pharmacy degree from Butler University. She has had many years of experience in advancing clinical pharmacy in various clinical settings, such as Inova Alexandria Hospital and skilled nursing facilities. Lee Ann is one of the Internal Medicine Pharmacists, and has a specialized interest in Diabetes Management and works closely with the Endocrine Team. Her interests include cooking, running, biking, travel, reading, and wineries!

Rotations: Internal Medicine, Diabetes Management

Eyerusalem Yemane, PharmD, MHCM, was born in Ethiopia and earned her pharmacy degree from Howard University. Upon graduation, she completed a PGY-1 Residency at Suburban Hospital. Eyerusalem is the Quality, Safety and Regulatory Compliance Manager. She is focused on ensuring safe practices for our patients and following regulatory standards. Her interests include spending time with her family and swimming!

Rotations: Medication Safety

Meet Our Preceptors!
