Preschool Clinical Programs serve children from birth to age five. Referrals are made by families, pediatricians, social agencies, preschools and day care programs for:

- Depression
- Anxiety
- Oppositional behavior
- Aggression
- Sleeping problems
- ADHD
- Other developmental concerns

Medical Assistance and some private insurance are accepted.

Preschool Clinical Outpatient Program

Services in the Preschool Clinical Outpatient Program include an in-depth psychosocial and psychiatric evaluation. After an evaluation is completed, the child and his or her family may attend individual, family or group treatment sessions. An individualized treatment plan is developed with the family to help identify problem areas and methods to resolve the problems.

Close collaboration with all care providers is an important part of these services. Treatment may include:

- psychological testing
- casework services
- referrals for speech and language assessment

- referrals to Child Find, and infant and toddler programs

Occupational therapy evaluation and ongoing treatment are available as needed.

For more information or to schedule an appointment, call 410-550-0104.

Preschool Therapeutic Learning Center

The Preschool Therapeutic Learning Center (TLC) is a unique program for children ages two and a half to five that offers a complete initial evaluation, including psychiatric and psychosocial assessment. Additional services may include:

- developmental and psychological assessment
- individual and family therapy
- group therapy
- behavior modification
- occupational therapy
- speech and language evaluation
- parenting skills group

Each family is assigned a primary therapist who assists with casework services, referrals for speech and language assessment, and referrals to Child Find, or infant and toddler programs, as needed. Medication management is offered when clinically indicated.

Each family attends the Preschool TLC Monday through Friday, from 9:30 a.m. to 12:30 p.m. Transportation may be provided when needed. Younger siblings may be able to attend, if needed, on a case-by-case basis.

For more information or to schedule an appointment, call 410-550-7915.
