

## Information for Referring Veterinarians

### Veterinary Clinical Trials Network at Johns Hopkins University

Patient Name \_\_\_\_\_

Sex \_\_\_\_\_

Breed \_\_\_\_\_

Age (or DOB) \_\_\_\_\_

*Please **fast patient for 8-12 hours** prior to general anesthesia. **Water is fine.** For patients with specific fasting requirements (i.e. neonates, diabetics, etc.) contact VCTN. All patients will have an IV catheter placed (some patients undergoing CT with contrast may have a second IV catheter placed). Some patients may have an area on the thorax or paws shaved for ECG pad placement. Please remember to email Dr. Krimins or [VCTN@jhmi.edu](mailto:VCTN@jhmi.edu) a copy of the patient’s medical record, any prior imaging (dicom images preferred), CBC/biochemistry profile and thoracic radiographs.*

Will your patient be arriving at VCTN with an IV catheter already placed? \_\_\_\_\_

If yes, should the catheter remain in the patient or can it be removed after the scan? \_\_\_\_\_

Has a copy of the patient’s medical record, lab work and radiographs been emailed to [vctn@jhmi.edu](mailto:vctn@jhmi.edu)? \_\_\_\_\_

What is the **region to be scanned**? Please be as specific as possible:

\_\_\_\_\_

What is the **presenting complaint**?

\_\_\_\_\_

**When** was this problem first noticed?

\_\_\_\_\_

Please provide a brief **history** on your patient and why it is being referred for advanced imaging. Include pertinent clinical signs, medical/surgical treatment(s), medications, and other prior health issues.

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Does this patient have any specific **drug allergies**? If yes, to what:

---

Has this patient ever had **complications** with general anesthesia? If yes, please detail:

---

What specific **medication** is the patient currently taking?

---

---

Has (at least) one radiograph been taken of the region of interest to ensure there are no ferrous items or other implants in the area of interest? **Yes**\_\_\_\_ **No**\_\_\_\_

What specific questions would you like answered by VCTN imaging:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Is there anything else important for us to know regarding this patient or information that can help you with this case:

---

---

---

---

*All images will be sent to a veterinary radiologist for evaluation. A copy of the images and a radiology report will be sent to you within one business day (for routine cases).*

*Thank you for entrusting your patients to VCTN at JHU.*
