Radiography Program FAQ's**

Do I need a college degree? Yes, a minimum of an AA is required, or you must be enrolled in an affiliated program. Any degree type or major is accepted.

Do you have advanced placement or an accelerated program for international students who have completed a radiography program outside of the United States? Unfortunately, we do not have an accelerated or advanced placement program. International students will be expected to complete the program's requirements.

When is the application deadline? The application is due December 15th and the supporting documentation (transcripts and recommendation forms) is due December 31st

Is there a GPA requirement? The GPA requirement is related only to the prerequisite course.

Are there any required entrance exams or standardized tests? No

Do I need any volunteer experience or any healthcare experience? No experience is needed

Do I need to take any classes before I apply? Yes, prerequisite courses are required and must be completed at a regionally accredited institution with a grade of C or better. In addition, the non-weighted GPA for all prerequisite coursework must be 3.0 or better.

- Human Anatomy & Physiology I (4 credit course with lab)
- Human Anatomy & Physiology II (4 credit course with lab)
- Medical Terminology (3 credit course)
- English Composition (3 credit course)
- College Algebra (3 credit course)
- Interpersonal Communications or Speech (3 credit course)

You may take up to two courses in the Spring semester after the application deadline. You must have completed A&P I before the application deadline.

Where can I take the prerequisite courses? Any regionally accredited college or university. Many for-profit institutions do not meet this requirement.

When does the program start? The first week in June

How long is the program? The full-time program is 18 months, and the part-time program is 23 months

What does a weekly schedule look like?

- The 18-month program is Monday through Thursday, 8-4:30p and Friday, 8-12p
- The 23-month program is Tuesday through Thursday, 8-4:30p and Friday, 8-12p for semesters one through three and Tuesday through Friday 8-4:30p for the fourth semester.
- Clinical rotations change every two weeks. There is one rotation that is 10-6:30p. After the first five months, a few 1-9p rotations will be scheduled.

Are there nights and weekends? No, you will not be scheduled for rotations on weekends or holidays. You will have a few 1-9 rotations.

Is there an online program or an asynchronous option? There are currently no online or asynchronous options.

Where are the classes held? Classes are at 111 Market Place, Suite 830, Baltimore, MD 21202.

What are the tuition fees and additional fees?

- Application fee: \$40.00 (non-refundable)
- Background Check: \$52.00 (only for accepted students)
- Tuition: \$10,000.00
- CPR Certification: \$60.00: non-refundable
- Technology fee: \$150.00: non-refundable upon matriculation (one time)
- Semester fees: \$150.00 per clinical semester (3 times per 18-month programs and 4 times for the 23-month program)
- Uniforms: Approximately \$300.00
- Books: \$700.00 Radiography
- Total Radiography 18-month program: \$11,732.00
- Total Radiography 23-month program: \$11,882.00

Do you offer housing? Unfortunately, as a hospital-based program, we do not offer housing.

Do I need a car? Yes, you do need a car because some clinical sites are not accessible by public transit.

Do you have to pay for parking? Yes, there are parking fees at JHH, Bayview, and the school. Street parking is also available, but you assume all risks.

Do you need health insurance? Yes

Are there any scholarship opportunities or financial aid available? We do not participate in Federal Financial Aid. If you are currently enrolled in a university we are affiliated with, you are eligible to continue your federal financial aid through your home institution. Some students apply for education loans through Sallie Mae. Two scholarships are awarded at the midpoint of the program.

Do you accept international students? We accept students who have been issued a permanent resident card and have their transcripts evaluated by WES or a similar company. We accept international degrees if WES determines a degree equivalent.

How many students get jobs after graduation? 100% of students who seek employment after graduation are employed
