

Tobacco-free

is good for me

The Johns Hopkins Hospital is **tobacco-free** because...

We're committed to providing
the healthiest and safest
experience for our patients,
visitors and staff.

Thank you for **not smoking** here.

Tobacco-free

is good for me

The Johns Hopkins Hospital is **tobacco-free** because...

**We want
expecting moms and
their babies
to be healthy.**

Thank you for **not smoking here.**

JOHNS HOPKINS
MEDICINE

Tobacco-free

is good for me

We're **tobacco-free**
at work because...

“We want all of our
patients, visitors
and colleagues
to be healthy.”

Thank you for **not smoking** here.

Tobacco-free

is good for me

The Johns Hopkins Hospital is **tobacco-free** because...

There are no
safe levels of
secondhand
smoke.

Thank you for **not smoking** here.

JOHNS HOPKINS
MEDICINE

Tobacco-free

is good for me

The Johns Hopkins Hospital is **tobacco-free** because...

**Secondhand smoke
can make cancer
treatments
less effective.**

Thank you for **not smoking here.**
