5/1/2020	Risk Management in Healthcare
5/15/2020	Regulatory Compliance in Healthcare
5/29/2020	Final Presentation and Celebration

**Lean Sigma Training:**

- Lean Sigma Prescription for Healthcare 2-day training is required. This course will provide the skills and methodology for improving healthcare quality and safety.
- The 2-day training is scheduled in the fall specifically for Leadership Academy scholars. This date will be provided as soon as available.
- Scholars may make other arrangements to take the 5-day Lean Sigma course, in lieu of the 2-day training. Scholars who already have lean sigma training may opt-out.

## Criteria for Completion

Criteria for successful completion of the program are as follows:

- Required attendance at lectures and courses
- Completion of a patient safety or quality improvement project
- Poster presentation or manuscript summarizing improvement efforts

Upon completion, each scholar will receive a certificate of completion.
