Suggested Protein Supplements

Choose supplements that provide **100-200 calories, 20-30 grams of protein, and less than 5 grams of sugar** per standard serving. A good supplement will provide at least **15 grams of protein per 100 calories**.

Supplement (serving size)	Calories	Protein (grams)	Sugar (grams)	Protein Source	Other	Where to Purchase
Ready to Drink (RTD)						
EAS 100% Whey (11 fl oz)	180	30	1	Whey	Kosher	CVS, Giant, Harris Teeter, Rite Aid, Shopper's, Target, Walgreen's, Walmart, online

GF= Gluten Free LF= Lactose free * Unflavored available

Protein powder tips:

- Mix with skim or 1% milk, unsweetened soy milk, unsweetened almond milk, water or sugar free beverages with 10 calories or less per serving. If mixed with cow milk or soy milk this increases the total protein intake (1 oz = 1 gram protein).
- Add to foods. Small amounts mixed into foods throughout the day can increase overall protein intake another 20-30 grams by the day's end, if a full serving is used.

Protein supplements may be available for purchase and sample online. Try the manufacturer's website or some of the sites listed below:
