Asymptomatic COVID-19 Testing
The Johns Hopkins Outpatient Center — Baltimore, MD

Please review your appointment details to confirm your testing location. This site is only for patients WITHOUT symptoms. If you are experiencing symptoms, please contact your provider for further instructions. For the safety of others, if possible, please come alone. If others come with you, they should remain in the car while you are at the hospital or testing facility. Please bring a government-issued photo ID.

Johns Hopkins Outpatient Center: Baltimore, Maryland

Please come to the Johns Hopkins Outpatient Center located at 601 N. Caroline Street, Baltimore, MD 21287:

Follow the below directions for testing at the Johns Hopkins Outpatient Center Ambulatory Testing Center:
1. Park in the McElvery Garage located on the west side of campus, in front of the Outpatient Center.
2. The garage entrance is off N. Caroline Street. The GPS Address is 1502 McElvery Street, Baltimore, MD 21287
3. Enter the Outpatient Center at the revolving door.
4. Advise the security officer that you are here for an asymptomatic COVID test
5. You will be directed to the Ambulatory Testing Center on the first floor.
6. After entering the Testing Center, you will provide your name and DOB to the person at the desk for check-in.
7. Our staff will provide you with instructions on how to perform a COVID swab in addition to expectations about results.
