lbright5@jhmi.edu

Co-director: Danielle Doberman, MD (Palliative Care)

Number of residents you can accommodate: 1

Are you willing to have your track combined with another one? Yes

- Medical Education
- Research

Sponsoring Institution: Johns Hopkins Hospital

What other institutions participate in the Program: Division of Palliative Care at JHH

### **Program Curriculum**

#### Goal

To obtain clinical and academic experience in palliative medicine and its application to emergency medicine

#### Objectives

##### **1. Clinical Experience**

- Resident will work clinically with Dr. Danielle Doberman, palliative medicine physician, in consultation to the inpatient service as well as patients in the emergency department. Assessment via feedback from Dr. Doberman will be obtained on a quarterly basis.
- Optional to rotate on the Bayview service 1-2 weeks.
- Two week or one month rotation in the Gilchrist Inpatient Unit.
- Optional: clinic shadow days

##### **2. Education**

- Resident will complete EPEC "Education in Palliative and End of Live Care" trainer conference via online completion or in person course at Northwestern in Chicago, and provide proof of completion.
- Resident will complete Intro to Bioethics and Intro to Law and Ethics and submit proof of completion. Participate in monthly ethics board committee meetings and provide proof of participation.

### Opportunities available to residents

1. Teaching – in conference regarding palliative care topics, as well as any opportunities that are available through the Center for Palliative Care
2. Primary Research – ED-based referral program for palliative care (contact Dr. Danielle Doberman and Dr. Leah Bright for other opportunities)
3. Writing/Publications – mentorship with Drs. Bright and Doberman for publications, presentations, research and travel
4. London-based rotation with a British Palliative Care Physician; inpatient at Chelsea Westminster Hospital

### Ongoing Projects

1. ED-based referral program for palliative care (contact Dr. Leah Bright for other opportunities)
2. Community Outreach research
3. Ongoing projects with Palliative Care Research Team

### Possible Future Projects

Contact Dr. Leah Bright or Dr. Danielle Doberman for other opportunities
