Tuesday, June 8, 2021 | 4:00 - 5:30 pm

- A patient's perspective with guest speaker
- Updates on treatment and clinical trials for non-muscle invasive bladder cancer with Armine Smith, MD
- Nutrition and Bladder Cancer with Hilary Berlow, RD, CNSC

Knowledge is Power: Women and Bladder Cancer

presented by Johns Hopkins Greenberg Bladder Cancer Institute

Join as our multidisciplinary team presents topics to enhance your knowledge and provide support. Specialists in bladder cancer will discuss all facets of care and implications for female patients. Our oncology social worker and other specialists will provide information to support quality of life. A patient will share their perspective and time for asking questions will facilitate participant engagement.

This program is for women only to create a safe environment for open discussion.
