

Flu Clips

The purpose of the PURPLE badge clip is to serve as an easy visual to show compliance with the mandatory flu vaccine program. From **November 19, 2021 through May 15, 2022** when you enter any Johns Hopkins building, you must have a purple clip that is easily visualized by others.

Due to the current situation with COVID-19, many of our employees are working remotely. If you are working remotely and do not plan on entering a Johns Hopkins building in the near future, you **DO NOT** need to come to campus to get a flu clip. Once your department has determined that it is safe for you to return to working on campus, flu clips will be available through the Occupational Health office for your campus.

We also ask that you do not go to any other entity's campus to get a flu clip.

Flu clips for the East Baltimore campus can be picked up at the Employee Health and Wellness Clinic (Phipps 3rd floor) on Tuesdays, Wednesdays, and Fridays, 8am-3pm.

Homewood employees, flu clip not needed unless you will be entering a clinical building, ex. East Baltimore Campus.

For all other campuses, please call or email your Occupational Health Services office for flu clip locations:

East Baltimore Campus - OHS office at 98N Broadway, Suite 421

Phone: 410-955-6211

Email: ohsoffice@jhmi.edu
