

Daniel Ford, M.D., M.P.H.
Vice Dean for Clinical Investigation

September 11, 2009

Dear Colleagues,

This document is to confirm that JHM is in compliance with the FDA IRB Registration Rule that states IRBs currently reviewing FDA-regulated research must register by September 14, 2009. The registration information was submitted to the OHRP website, and confirmation that the information was accepted and processed was received on July 30, 2009. You may provide a copy of this memorandum to sponsors who request confirmation that the JHM IRBs have met the new registration requirement.

Sincerely,

A handwritten signature in black ink, appearing to read "D E Ford".

Daniel E. Ford, M.D., MPH
Vice Dean for Clinical Investigation
