

Johns Hopkins Center for Bariatric Surgery

2019 Support Groups

Support groups are open to pre- and post-operative patients and feature speakers presenting on topics including nutritional, medical and psychological/behavioral aspects of bariatric surgery. Patients share stories and provide valuable information. Pre-operative patients can gain insight on life after surgery. Post-operative patients can learn tips and tricks from other patients. We strongly encourage you and a support person to attend any or all meetings each month.

Johns Hopkins Bayview Medical Center

Francis X. Knott Conference Center

4940 Eastern Ave.
Baltimore, MD 21224

Join us from 5 to 6 p.m.
