| Please circle the appropriate answer for each question. | |
| 1. Has the plan authorized this medication in the past for this patient (i.e., previous authorization is on file under this plan)? | <input type="checkbox"/> Y <input type="checkbox"/> N |
| NOTE: The use of physician samples, or manufacturer product discounts, does not guarantee coverage under the provisions of the medical and/or pharmacy benefit. All pertinent criteria must be met in order to be eligible for benefit coverage. | |
| [If yes, skip to question 11.] | |

| | |
|---|-----|
| 2. Does the patient have a diagnosis of severe asthma with an eosinophilic phenotype? | Y N |
| NOTE: Submission of medical records is required. | |
| [If no, no further questions.] | |
| 3. Will the requested drug be used as an add-on maintenance treatment for the disease? | Y N |
| [If no, no further questions.] | |
| 4. Has the patient had an allergy, immunology or a pulmonary consult? | Y N |
| [If no, no further questions.] | |
| 5. Has the patient had a blood eosinophil count of at least 150 cells per microliter in the past 90 days OR 300 cells per microliter in the past 12 months? | Y N |
| NOTE: Submission of medical records is required. | |
| [If no, no further questions.] | |
| 6. Does the patient have documented poorly controlled asthma as evidenced by two or more exacerbations in the past 12 months experience despite the use of high-dose inhaled corticosteroids (ICS) as applicable for either of the following: A) for ages 12 to 17, ICS dose must be 440 micrograms per day of fluticasone propionate (FP) (ex-actuator) or equivalent daily, or mid-strength approved maintenance dose of inhaled corticosteroid (ICS)-long-acting beta-agonist (LABA) combinations, B) for ages 18 years of age and older, ICS dose must be 880 micrograms per day of fluticasone propionate (FP) (ex-actuator) or equivalent daily, or the highest approved maintenance dose of ICS-LABA combinations? | Y N |
| NOTE: Submission of medical records is required. | |
| [If no, no further questions.] | |
| 7. Does the patient have documented treatment with at least 2 other controllers in addition to an inhaled corticosteroid (ICS) or an inhaled corticosteroid (ICS)-long-acting beta-agonist (LABA) combination (i.e., long-acting beta-agonist [if not already using an ICS-LABA combination], an asthma-indicated long-acting anticholinergic agent, leukotriene modifier, or theophylline), for at 6 months and demonstrated adherence of 80 percent or greater? | Y N |
| NOTE: Submission of medical records is required. | |
| [If yes, skip to question 9.] | |
| 8. Does the patient have a documented allergy, contraindication, or an intolerance to any of the following specified prerequisite agent: A) long-acting beta-agonist (if not already using an inhaled corticosteroid (ICS)-long-acting beta-agonist (LABA) combination), B) an asthma-indicated long-acting anticholinergic agent, C) leukotriene modifier, D) theophylline? | Y N |

| | |
|---|---|
| NOTE: Submission of medical records is required. | |
| [If no, no further questions.] | |
| 9. Will the requested drug be used concurrently with another biologic? | <input type="checkbox"/> Y <input type="checkbox"/> N |
| [If yes, no further questions.] | |
| 10. Is the patient 12 years of age or older? | <input type="checkbox"/> Y <input type="checkbox"/> N |
| [No further questions.] | |
| 11. Is there documentation showing the patient's clinical improvement from treatment as supported by ONE of the following: A) reduction in asthma symptoms (wheezing, coughing, shortness of breath, chest tightness), B) reduction in administration frequency of short-acting rescue medication, C) reduction in exacerbation frequency and asthma-related hospitalizations (no increase in inhaled or oral corticosteroid dose), D) elevation in predicted forced expiratory volume in one second (FEV1) from the patient's baseline before treatment? | <input type="checkbox"/> Y <input type="checkbox"/> N |
| NOTE: Submission of medical records is required. | |
| [If no, no further questions.] | |
| 12. Is the patient adherent to 80 percent of the requested drug as well as other controller medications? | <input type="checkbox"/> Y <input type="checkbox"/> N |
| NOTE: Submission of medical records is required. | |
| [If no, no further questions.] | |
| 13. Will the requested drug be used concurrently with another biologic? | <input type="checkbox"/> Y <input type="checkbox"/> N |

I attest that the medication requested is medically necessary for this patient. I further attest that the information provided is accurate and true, and that the documentation supporting this information is available for review if requested by the claims processor, the health plan sponsor, or, if applicable a state or federal regulatory agency.
