

Provider Update

This update contains pertinent information about changes that will impact the Johns Hopkins HealthCare provider network.

Our Latest Newsletter

The [Spring 2020 issue of Provider Pulse](#), JHHC's newsletter for our provider network, is now available online. This issue contains updates on policies and procedures, quality care, plan changes, events, and more.

Highlights include:

- A new user-friendly prior authorization lookup tool (JPAL)
- Breast pump coverage update and blood pressure cuff benefit for Johns Hopkins EHP members
- Claims denials to begin for Priority Partners providers not enrolled in ePREP
- Understanding Medicare vaccine coverage
