

CURRICULUM VITAE
The Johns Hopkins University School of Medicine

Barbara Stauch Slusher, Ph.D., M.A.S

March 2016

DEMOGRAPHIC AND PERSONAL INFORMATION

Current Appointment:

- 2013 – present Professor, Departments of Neurology (primary), Medicine, Psychiatry, and Neuroscience, Johns Hopkins University School of Medicine
- 2009 – present Director, Johns Hopkins Drug Discovery
- 2011 - present Director, JHU NIMH Therapeutic Core

Personal Data:

Johns Hopkins University
John Rangos Building
855 N. Wolfe Street, Suite 278
Baltimore, MD 21205
Office: (410) 614-0662
Email: bslusher@jhmi.edu

Education and Training:

- Undergraduate
- 1986 B.S., Chemistry, Dickinson College, Carlisle, PA
- Doctoral/Graduate
- 1990 Ph.D., Pharmacology & Molecular Sciences, Johns Hopkins School of Medicine, Baltimore, MD
- 1991 M.A.S., Management, Johns Hopkins Carey Business School (formerly Johns Hopkins School of Continuing Studies), Baltimore, MD
- Postdoctoral
- 1992 Postdoctoral Fellow, University of Pennsylvania, Philadelphia, PA and ICI Pharma, Wilmington, DE

Professional Experience:

- | | | |
|-----------|---|---|
| 1984–1985 | Educational Software Developer | Aardvark Enterprises |
| 1986 | Neuropharmacology Technician | US Medical Research Institute of Chemical Defense |
| 1986–1990 | Student, Doctoral Thesis | Johns Hopkins University School of Medicine |
| 1988–1991 | Student, MAS Program | Johns Hopkins Carey Business School (formerly School of Continuing Studies) |
| 1991–1992 | Post-Doctoral Fellow | University of Pennsylvania/ICI Pharma Inc. |
| 1992–1994 | Research Pharmacologist | ICI Pharmaceuticals Inc. |
| 1992–1996 | Adjunct Professor, Course Director | University of Delaware |
| 1993–1995 | Adjunct Professor, Course Director | Johns Hopkins School of Continuing Studies |
| 1994–1995 | Senior Research Pharmacologist | Zeneca Pharmaceuticals Inc. |
| 1995–1998 | Director, Neurobiology | Guilford Pharmaceuticals Inc. |
| 1998–2000 | Clinical Development Program Leader and Principal Scientist | Guilford Pharmaceuticals Inc. |
| 2000–2002 | Vice President (VP), Neurobiology | Guilford Pharmaceuticals Inc. |
| 2002–2005 | Senior VP, Research, Toxicology & Pharmacokinetics | Guilford Pharmaceuticals Inc. |
| 2004–2005 | CEO, Divestiture Opportunity | Calvert Pharmaceuticals |

2005–2007	Senior VP, Research & Scientific Alliances	MGI PHARMA, Inc.
2005–2008	MGI Site Head, Baltimore	MGI PHARMA, Inc.
2007–2008	Senior VP, Research & Translational Development	MGI PHARMA, Inc.
2008–2009	Eisai Site Head, Baltimore	Eisai Research Institute
2008–2009	Senior VP, Research & Translational Development	Eisai Research Institute
2009–2012	Associate Professor, Neurology (primary) and Psychiatry; Director, Brain Science Institute, Drug Discovery Program	Johns Hopkins University
2013-	Professor, Neurology (<i>primary</i>), Medicine, Psychiatry and Neuroscience Director, Johns Hopkins Drug Discovery Program Director, JHU NIMH Therapeutic Core	Johns Hopkins University

RESEARCH ACTIVITIES

Original peer-reviewed publications:

(*maiden name **Stauch**)

CURRENT:

R01CA161056 (Slusher PI), NIH/NCI, 5/09/12 – 4/30/17

GCPII inhibitors for the treatment of chemotherapy-induced neuropathy

P30 MH075673 (McArthur PI; Slusher Therapeutic Core PI), NIH/NIMH, 7/01/11 – 6/30/16

Center for novel therapeutics for HIV-associated cognitive disorders

R25 NS077582 (Slusher PI, multiple), NIH/NINDS, 3/01/12 – 2/28/17

Training in Neurotherapeutics Discovery and Development for Academic Scientists

Sponsored Research Award, (Slusher PI), Eisai, Inc. , 7/01/13 – 11/18/15

Chemotherapy Neuropathy Studies

R01 EB018306 (Rangaramanujam PI; Slusher co-investigator), NIH/NIBIB, 4/01/14 – 3/31/19

Nanotherapies for the treatment of neurodevelopmental disorders

R01 HD076901 (Rangaramanujam PI; Slusher co-investigator), NIH/NICHHD, 4/01/14 – 3/31/19

Postnatal combination therapy for cerebral palsy

UL1 TR001079 (Ford PI; Slusher Translational Community Lead), NIH/NCATS, 9/26/13 – 4/30/18

Institute for Clinical and Translational Science (ICTR)

Sponsored Research Award, (Slusher PI), PharmaMar USA, Inc., 7/03/14 – 3/29/16

Evaluation of the tubulin inhibitor PM060184 (& related agents) in a rodent chemotherapy-induced neuropathy model

Sponsored Research Award, (Slusher PI), Eisai, Inc., 10/01/14 – 9/30/16

Comparative recovery of CIPN induced by Eribulin, Paclitaxel, Ixabepilone, and Vinorelbine

R01 EY025304 (Rangaramanujam PI; Slusher co-investigator), NIH/NEI, 5/01/15 – 3/31/20

Systemic nanotherapies for ocular inflammation and choroidal neovascularization

Maryland innovation Initiative Award, (Le PI; Slusher co-investigator), TEDCO, 3/01/15 – 2/28/16
Nanotechnology-Enhanced Delivery of a Novel Glutaminase Inhibitor: A New Treatment for Pancreatic Cancer

SBIR, Diagnostic Biochips (Slusher Subaward PI), NIH, 4/01/15 -3/31/16
Microfabricated tool for integrated PK/PD studies of CNS drugs

P01MH105280 (McArthur PI; Slusher Preclinical Core Lead), NIH/NIMH, 6/01/15 – 5/31/20
Intranasal Insulin Therapy for HIV- Associated Neurocognitive Disorders

R21NS089488 (McCabe PI; Slusher Subaward PI), NIH/NINDS/ HM Jackson Foundation 10/01/15 – 9/30/17
Amelioration of soman-induced neuropathology with NAAG-related compounds

R01CA193895 (Slusher PI), NIH/NCI, 9/01/15 – 8/31/20
Glutaminase Inhibitor Drug Discovery and Nanoparticle-Based Delivery for Pancreatic Cancer Therapy

Maryland innovation Initiative Award, (Slusher PI), TEDCO, 12/01/15 – 8/31/16
Novel prodrugs of the glutamine antagonist Diazo-5-oxo-L-noroleucine (DON) to treat hematological malignancies

National MS Society (Slusher PI), 3/01/16 – 3/31/20
Development of 2-PMPA prodrugs for the treatment of cognitive impairment in multiple sclerosis

Research Leadership / Program Building:**in the pharmaceutical industry:**

- 1995-1996 **Built a Neurobiology Department**
 Guilford Pharmaceuticals
 Established a neurobiology department for the newly formed company through the construction of laboratories and the recruitment of key staff. Within the first year, hired 12 scientists, built 10,000 sq feet of laboratory space, and initiated three drug discovery projects. Eventually department grew to over 80 scientists with 12 drug discovery programs.
- 1998-2000 **Led an International Clinical Development Team**
 Guilford Pharmaceuticals
 Led an interdisciplinary 30-person team to explore a novel treatment for neuropathic pain and peripheral neuropathy through drug discovery, preclinical evaluation, European regulatory filing, and completion of Phase I clinical trials in Amsterdam.
- 2000-2005 **Served as Departmental Vice President, Medicinal Chemistry, Neurobiology, Toxicology, and Drug Metabolism and Pharmacokinetics**
 Guilford Pharmaceuticals
 Responsible for the strategic direction and supervision of the research and preclinical development departments from drug discovery through IND filing, managing over 80 scientists and \$20M annual budget.
- 2005 **Founded a start-up company**
 Guilford Divestiture, Calvert Pharmaceuticals
 In 2005 a corporate decision was made to divest Guilford's drug discovery and early clinical development programs and spin-out a new company. Chosen by the Board of Directors to lead the divestment activities and become the CEO of the new entity. Within 4 months, acquired term sheets totaling \$40 M to establish "Calvert Pharmaceuticals". Before closing the transaction, however, Guilford was acquired by MGI Pharma.
- 2005-2007 **Led Scientific Alliance Team in US/Europe**
 MGI Pharma
 Led interdisciplinary team of scientists and commercial professionals in the acquisition of new product opportunities from US and European academic and corporate alliances to support sustained growth of the MGI R&D pipeline.
- 2006-2008 **Chaired Research and Translational Development Committee**
 MGI Pharma
 Chaired the corporate Research and Translational Medicine Committee of 15 senior PhD and MD-level scientists, clinicians, and commercial professionals; responsible for drug discovery through Phase IIa clinical development.
- 2006-2008 **Served as Senior Executive/Site Manager**
 MGI Pharma
 Served as the senior executive and site manager for MGI's Baltimore facility; one of three corporate locations overseeing 125 employees.
- 2008-2009 **Led US/Japan Corporate Transition**
 Eisai Research Institute
 Led the transition and integration of legacy MGI programs into Eisai's R&D pipeline in Japan and US.

at Johns Hopkins:

- 2010-present **Built the Johns Hopkins Drug Discovery Program**

Recruited a team of 16 drug discovery scientists, all with significant pharmaceutical industry experience, to form the largest integrated drug discovery team at Johns Hopkins consisting of medicinal chemists, assay developers, pharmacologists, toxicologists, pharmacokinetic and drug metabolism experts. Team is charged with translating JHU faculty's basic science discoveries into new small molecule therapeutics. In its inaugural five years of operation, the team: (1) initiated collaborations with JHU faculty in ten different departments across the university, (2) aided 75 faculty with tool compound syntheses, pharmacokinetic studies, and high throughput assay designs to support/grow translational activities, (3) was awarded 25 translational grants/contracts totaling over \$13M, (4) submitted 12 patent applications, (5) organized 3 Translational conferences/workshops on campus, (6) started two new graduate level Drug Discovery courses, (7) obtained drug discovery HTS screening corporate partnership, (8) spun out a new company which has raised over \$65M, (9) led the formation of an International Academic Drug Discovery Consortium with >130 academic drug discovery centers and >1400 members, and (10) initiated a Brain Science Institute drug discovery grant program to enhance translational activities on campus.

- 2010 **Executed Drug Discovery Licensing Deal with Pharma**
Executed a licensing agreement with Eisai, Inc. to develop small-molecule glutamate carboxypeptidase II (GCPII) inhibitors for the treatment of peripheral neuropathy, Alzheimer's disease and stroke. Eisai has an exclusive option to commercialize JHU-identified inhibitors.
- 2011 **Founded Biotech Company, Cerecor**
In collaboration with Drs. Solomon Snyder, Blake Paterson, and Isaac Blech founded Cerecor to develop and commercialize neurotherapeutics derived from JHU research. Raised \$65M Million in Series A/B financing; serving on Cerecor's Scientific Advisory Board.
- 2011 **Executed Broad High Throughput Screening (HTS) Collaboration with Pharma**
Executed HTS partnership with Eisai, Inc. to discover and develop drugs for CNS diseases providing JHU faculty access to the company's proprietary drug library. Under the agreement, Eisai will screen their drug collection for interaction with Hopkin's target; all "hit" compounds will be transferred to the BSi drug discovery team for development. Two HTS projects are underway.
- 2011 **Founded and Serve as President, International Academic Drug Discovery Consortium (ADDC)**
(<http://addconsortium.org>)
Led the formation of the first international consortium of academic drug discovery scientists designed to share know-how, maximize collaboration, and advocate to NIH. Recruited over 130 academic drug discovery centers. Established ADDC website including center portfolios, job postings, partnership information, and drug discovery training materials. Currently have over 1300 members from 45 states and 12 countries. Serve as ADDC founder and president.
- 2011 **Initiated BSi Translational Grant program**
To stimulate NeuroTranslational activities on campus, initiated a grant program to provide pilot award to faculty conducting translationally-focused research. Number of grant applications doubled from year 1 to 2.

EDUCATIONAL ACTIVITIES

Teaching:

Classroom Instruction

- 1991-1992 Instructor, *Medical Pharmacology*
University of Pennsylvania School of Medicine, Philadelphia, PA.
- 1992-1994 Course Director, *Chemical Basis of Nerve Function*

Johns Hopkins School of Continuing Studies (currently Carey Business School), Baltimore, MD.

1993-1994 Course Director, *Pharmacological Chemistry of the Brain*
University of Delaware, Departments of Chemistry and Biochemistry. Wilmington, DE.

2012-2017 Course Co-Director, NIH-sponsored *Training in Neurotherapeutics Discovery and Development for Academic Scientists* (<http://www.neurotherapeuticscourse.org>)
Four-day course for junior faculty including didactic lectures and individualized drug discovery and long term mentoring. Course will be taught once annually for 5 years.

CME Instruction

- 2/12 American Society of Experimental Therapeutics (ASENT), lecturer, "The Changing Paradigm of Academic Drug Discovery" Washington DC
- 4/12 American Academy of Neurology, lecturer, "NeuroTranslation, Neurologists and Neuroscientists: Defining the Next Generation of CNS Therapies" New Orleans, LA
- 6/13 ANA Translational and Clinical Research Course, lecturer, "How to Do Translational Neurology in Academia", Baltimore, MD
- 7/14 ANA Translational and Clinical Research Course, lecturer, "How to Do Translational Neurology in Academia", Baltimore, MD
- 7/15 ANA Translational and Clinical Research Course, lecturer, "How to Do Translational Neurology in Academia", Baltimore, MD

Workshops

- 4/29/10 Translational Research Workshop, Organizer and lecturer, taught in collaboration with Johns Hopkins Carey Business School, Baltimore MD
- 10/3/10 Workshop on Drug Discovery and Development, Organizer and lecturer, taught in collaboration with Biogen Idec. Baltimore, MD

Mentoring:

in the pharmaceutical industry:

- 1993-1994 Kert Anzilotti, MD
Position under my direction: Research Associate, Zeneca
Current: Neuroradiologist, Clinical Trial Coordinator, Newark, DE
- 1995-2005 Jie Zhang, Ph.D.
Position under my direction: Principal Scientist, Guilford Pharmaceuticals
Current: Senior Director of Biology, Profectus BioSciences, Baltimore, MD
- 1997-2005 Pavel Majer, Ph.D.
Position under my direction: Principal Scientist, Guilford Pharmaceuticals
Current: Director, Medicinal Chemistry, Institute of Organic Chemistry and Biochemistry Academy of Sciences of the Czech Republic, Prague
- 1997-2004 May X.-C. Lu, PhD.
Position under my direction: Senior Scientist, Guilford Pharmaceuticals
Current: Retired. Previously Walter Reed Army Institute of Research, Silver Spring, MD
- 1999-2005 Sergei Belyakov, Ph.D.
Previous position under my direction: Sr Scientist II, Medicinal Chemistry, Guilford and MGI PHARMA
Current: Director, Medicinal Chemistry, AMRI Singapore
- 2000-2007 Weizheng Xu, Ph.D.
Position under my direction: Senior Scientist II, Medicinal Chemistry, MGI PHARMA
Current: President, Suzhou Kangrun Pharmaceuticals, Inc., Suzhou, China
- 2000-2004 Eric Wang, Ph.D.
Position under my direction: Senior Scientist I, Guilford Pharmaceuticals

- 2000-2005 *Current:* Principal Scientist, La Jolla Pharmaceutical Company, San Diego, CA
Lawrence Williams, Ph.D. (2000-2005)
Position under my direction: Principal Scientist, Guilford Pharmaceuticals,
Current: Directorate of Toxicology, US Army Public Health Command, Aberdeen MD
- 2002-2005 Vincent Kalish, Ph.D.
Position under my direction: Senior Director, Medicinal Chemistry, Guilford
Pharmaceuticals
Current: Vice President, Medicinal Chemistry Cardioxyl Pharmaceuticals, Baltimore,
Maryland
- 2005-2007 Bert Thomas, Ph.D.
Position under my direction: Senior Scientist, Scientific Alliance, MGI PHARMA
Current: Director, American Association for Cancer Research
- 2005-2006 Greg Hamilton, Ph.D.
Position under my direction: Senior Director, Medicinal Chemistry, MGI PHARMA
Current: Patent Attorney, Eisai Inc. Baltimore, MD
- 2005-2008 Thomas Luby, Ph.D.
Position under my direction: Director, Biology, MGI PHARMA
Current: Sr. Director, Discovery Research, Shire Boston, MA
- 2005-2008 Andrew Kiorpes, D.M.V., Ph.D.
Position under my direction: Director, Toxicology, MGI PHARMA
Current: retired. Previously University of Minnesota, College of Veterinary Medicine,
President Northland Society of Toxicology
- 2006-2009 Adaline Smith, Ph.D.
Position under my direction: Director, Toxicology, Eisai
Current: Senior Director of Toxicology, Ironwood Pharma, Boston, MA

at Johns Hopkins:

- 1996-present Krystyna Wozniak, Ph.D.
Previous: Senior Scientist, Guilford Pharmaceuticals; Principal Scientist, MGI Pharma;
Director of Animal Pharmacology, Eisai Inc.
Current: Manager of Animal Pharmacology, JHU, Baltimore, MD
- 1999-present Takashi Tsukamoto, Ph.D.
Previous: Principal Scientist, Guilford Pharmaceuticals; Director of Chemistry, MGI
Pharma; Senior Director of Chemistry, Eisai Inc.
Current: Associate Professor of Neurology, JHU, Baltimore, MD
- 1999-present Camilo Rojas, Ph.D.
Previous: Principal Scientist, Guilford Pharmaceuticals; Director of Biochemistry and
Enzymology, MGI Pharma; Director of Biology, Eisai Inc.
Current: Assistant Professor, Molecular and Comparative Pathobiology, JHU Baltimore, MD
- 2011-present Rana Rais, Ph.D.
Current: Assistant Professor, Department of Neurology, JHU, Baltimore, MD
- 2012-2014 Michele Potter, Ph.D.
Current: Senior Scientist, Merck
- 2012-present Mariana Figuera Losada, Ph.D.
Current: Research Associate, Albert Einstein
- 2014-present Kristen Rahn, Ph.D.
Current: Instructor, Department of Psychiatry, JHU, Baltimore, MD
- 2016-present Mike Nedelcovych, Ph.D.
Current: Postdoctoral Fellow

ORGANIZATIONAL ACTIVITIES

Editorial Activities:**Guest Editor**

2011-2012 *Current Medicinal Chemistry*, co-edited a 13-chapter journal issue dedicated to Glutamate Carboxypeptidase II with Dr. Guido Cavaletti

Journal peer-review activities - reviewer for the following:

2009-present *Journal of Neurochemistry*
 2009-present *Analytical Biochemistry*
 2009-present *European Journal of Pharmacology*
 2009-present *Psychopharmacology*
 2009-present *Experimental Neurology*
 2009-present *Neuropsychopharmacology*
 2013-present *Journal of Biomolecular Screening*
 2014-present *ACS Chemical Neuroscience*
 2014-present *Molecular Neurodegeneration*
 2015-present *Neurobiology of Disease*
 2015-present *Journal of Clinical Investigation*

Advisory Committees/Review Groups/Study Sections:

2009-present Eisai, Inc. Tokyo, Japan
 Eribulin Preclinical Development Advisory Committee

2010-2011 La Jolla Pharmaceutical Company, San Diego, CA
 Clinical Development Advisory Board

2010-2014 Grant reviewer
 Czech Science Foundation grants (GACR)

2011-present Cerecor, Baltimore, MD
 Scientific Advisory Board

2012-2014 American Neurological Association
 Business Partner Task Force

2012-2014 Grant reviewer
 Thierry Latran Foundation

2012-present Neurofibromatosis Therapeutic Acceleration Program
 Principal and Scientific Advisory Board member

2012-present American Society for Experimental Therapeutics
 Board of Directors, ex officio

2013 NIH SBIR study section in Chemistry, Biochemistry and Drug Development (IMST 10)

2013 NIH study section Bioengineering of Neuroscience, Vision and Low Vision Technologies (BNVT 10)

2013 Canada Foundation for Innovation, Expert study section panel (462)

2104-present Hopkins' Institute for Clinical and Translational Research, drug and device grant review committee

2014 Clinical Translational External Advisory Group, NIH-NICHD Intellectually and Developmental Disability Research Center

2015-present Scientific Advisory Board, Discovery Sciences, Johnson and Johnson

2015-present Consultant, Breaburn Pharma, Princeton, NJ

2015-present Scientific Advisor, Longeviti NeuroSolutions, LLC

Professional Societies:

1988-present Society for Neuroscience, member

2008-2010 American Society of Clinical Oncology, member

2008-2010 American Association of Cancer Research, member

2010-present American Society for Experimental NeuroTherapeutics, member

2011-present	Peripheral Nerve Society, member
2011-present	National Academic Drug Discovery Consortium, founding member
2013-present	American Society for Pharmacology and Experimental Therapeutics, member
2013-present	American Neurology Association, member
2014-present	American Association of Pharmaceutical Sciences, member

Conference Organizer:

4/29/10	<p>NeuroTranslational Conference</p> <p>In collaboration with the Carey School of Business, organized the first JHU Translational conference devoted to the topic of how to successfully translate academic research findings into therapeutics. Gave the plenary opening lecture.</p>
11/10-11/13	<p>Life Science Summit</p> <p>Since 2010 have served on the steering committee of an annual NeuroTranslational Conference held at Stony Brook University in New York to promote academic-pharmaceutical collaborations. Participated in plenary and translational lecture series.</p>
10/19/11	<p>1st International Conference on Drug Discovery in Academia</p> <p>Organized the first ever conference on “Drug Discovery in Academia” bringing together leaders of Pharma and US, Canadian, and European academic drug discovery centers to discuss the new future of drug discovery. Raised \$130K to support the event, held >200 partnering meeting, and had >550 registrants.</p>
10/9/13	<p>Academic Drug Discovery Conference 2013</p> <p>In collaboration with the Vanderbilt Center for Neuroscience, organized the inaugural meeting of the Academic Drug Discovery Consortium (ADDC) in Nashville TN. Raised over \$200K to support the event and had >600 attendees. Meeting event was covered in <i>Forbes</i>, the <i>Pink Sheet</i>, <i>In Vivo</i>, and <i>Nature Reviews Drug Discovery</i>.</p>
10/23/14	<p>Addressing Irreproducibility in Academic Research</p> <p>In collaboration with AGM, organized conference at Novartis in Cambridge, MA to address growing concerns regarding the reproducibility of biomedical research. Engaged multiple perspectives from journals, Pharma, academia, and NIH.</p>
4/7/2016	<p>Drug Discovery in Academia: Recent Successes and Emerging Opportunities</p> <p>In collaboration with ASPET, organizing colloquium at Experimental Biology 2016 to highlight and share examples of recent successes coming out of academic drug discovery centers. Over 250 attendees are expected from Pharma, academia, and government. This important event highlights the relevance and value of academic drug discovery in advancing new and innovative treatments.</p>

Consultantships:

2009-2010	<p>Lontra Ventures, Austin, TX</p> <p>Drug Discovery Consultant</p>
2009-present	<p>Helsinn HealthCare, Lugano, Switzerland</p> <p>R&D advisor</p>
2009-present	<p>Eisai, Inc, Tsukuba, Japan</p> <p>Eribulin Advisor</p>
2010-2011	<p>Tesaro Bioscience, Boston, MA</p> <p>R&D Acquisition Advisor</p>
2012-present	<p>Neurofibromatosis Therapeutic Acceleration Program, Baltimore, MD</p> <p>Translational Advisor</p>

2013-present	Transcept Pharmaceuticals, Pt. Richmond, CA Buprenorphine Prodrug advisor
2013-present	Consultant, NIH Fast-Fail Trials in Psychotic Spectrum Disorders (FAST-PS)
2014-present	Diagnostic Biochips, Columbia, MD Drug Discovery Consultant
2014-2015	BioMotiv, Cleveland, OH Drug Discovery Consultant
2015-present	Braeburn Pharmaceuticals, Princeton, NJ Drug Discovery and Development Consultant
2015-present	Janssen Pharma, Discovery Sciences Consultant, Scientific Advisory Board

RECOGNITION

Awards, Honors

2011	Reipe Alumni Award
2010	Hematology/Oncology Convention Platform Award
2009	Eisai Scientific Merit Award
2005	Guilford CEO Achievement Award
1991	Sandoz Pharmaceutical Award
1991	Edward J. Stegmann Award
1986	Johns Hopkins Chemistry Prize
1985	Dana Scholar
1985	Omicron Delta Kappa Leader-of-the-Year Award
1985	Analytical Chemistry Award
1984	Phi Beta Kappa
1983	Delaplaine McDaniels Award

Invited Talks, Panels

5/90	Slusher BS , Tsai G, Rothstein JD, Meyerhoff J, Coyle JT. "N-acetyl aspartyl glutamate (NAAG): an acidic dipeptide partially co-localized to putative glutamatergic systems." <i>Excitatory Amino Acid Symposium</i> , Venice, Italy
11/93	Slusher BS , Risollo K, Anzilotti KF, Stetz SL, Pullan LM, Jackson PF. "Glutamate antagonists reverse parkinsonism in rodents." <i>IBC Neurodegenerative Diseases Symposium</i> , Walt Disney World, FL
2/97	Slusher BS . "The development of small molecule cocaine antagonists." Medications Development Division of NIDA, Washington, DC
4/97	Slusher BS . "The identification and characterization of selective cocaine antagonists." <i>IBC Conference Dopaminergic Disorders</i> Boston, MA
12/97	Slusher BS . "Use of identical assay conditions for cocaine analog binding and dopamine uptake to identify potential cocaine antagonists." <i>ACNP Annual Meeting</i> , Kona, Hawaii
2/98	Slusher BS . "New Neuroprotection Strategy: NAALADase Inhibition as a Novel Mechanism of Regulating Synaptic Glutamate." <i>National Institute of Drug Addiction</i>
2/98	Slusher BS . "Neuroprotective Activity of NAALADase Inhibition." Johns Hopkins University School of Medicine Clinical Neurosciences Seminar Series
4/98	Slusher BS . "Neuroprotective Activity of NAALADase Inhibition." <i>IBC Glutamate Pharmacology: Therapeutic Implications</i> . San Francisco, CA
4/98	Slusher BS . "Regulation of Extracellular Glutamate Via Inhibition of the Brain Enzyme NAALADase." NorthWestern School of Medicine, Department of Neuropathology
5/98	Slusher BS . "Inhibition of NAAG Hydrolysis Via NAALADase Inhibition Prevents Ischemic Glutamate Release and Provides Neuroprotection." Johns Hopkins Hospital Wilmer Eye Institute

- 7/98 **Slusher BS**, Smith CR, Suzdak PS, and Snyder SH. "Neuroscience Symposium on Drug Discovery." *World Trade Center*, New York City
- 10/98 **Slusher BS**. "NAALADase Inhibition as a Novel Mechanism of Regulating Synaptic Glutamate: Efficacy in Animal Models of Stroke, ALS, Pain, Spinal Cord Injury and Drug Addiction." Indiana University School of Medicine, Department of Pharmacology
- 11/98 **Slusher, BS**. "Inhibition of NAAG Hydrolysis Via NAALADase Inhibition Prevents Ischemic Glutamate Release and Provides Neuroprotection." *IBC Seventh Annual Ischemic Stroke Conference*, Washington DC
- 12/98 **Slusher BS**. "NAALADase Inhibition as A Novel Neuroprotective and Analgesic Strategy." Allegheny University, Philadelphia, PA
- 5/00 **Slusher BS**. "Inhibition of NAALADase as a strategy for preventing sensitization to the convulsant effects of cocaine." *College on Problems of Drug Dependence*, Puerto Rico
- 9/04 **Slusher BS**. "NAALADase Inhibition as a Novel Therapeutic Target." *NAA Conference*, Washington, DC
- 11/04 **Slusher BS**. "NAALADase Inhibition as a Novel Therapeutic Target." *UMD BioSciences Conference*, College Park, MD
- 10/05 **Slusher BS**, Tsukamoto T, Wozniak KM. "Inhibitors of GCPII (NAALADase): A Novel Target for Peripheral Neuropathy and Neuropathic Pain." *GTC BIO: Therapeutic Strategies against Neurodegeneration*, Boston, MA
- 4/07 **Slusher BS**. "Pharmacological Differences Among 5-HT₃ Receptor Antagonists." *Mayo Clinic Oncology Meeting*
- 7/07 **Slusher BS**. "GCPII Inhibition Protects Against Cisplatin Induced Peripheral Neurotoxicity in a Rat Model." *Peripheral Nerve Society*
- 6/07 **Slusher BS**. "Palonosetron, in contrast to ondansetron and granisetron, exhibits two-site binding to the 5-HT₃ receptor and causes long lasting inhibition even after dissociation." *Multinational Association of Supportive Care in Cancer (MASSC)*
- 10/07 **Slusher BS**. "Pharmacological Differences Among 5-HT₃ Receptor Antagonists." *International Chemotherapy-induced Nausea and Vomiting Advisory Committee*, Dublin, Ireland
- 3/08 **Slusher BS**. "Evidence of Palonosetron's Molecular Differentiation Distinguish it as a Unique Antinausea and Antiemetic Agent." *82nd International Anesthesia Research Society (IARS) Clinical & Scientific Congress*, San Francisco, CA
- 3/08 **Slusher BS**. "Pharmacological Differences Among 5-HT₃ Receptor Antagonists." *Aloxi University at the National Sales Meeting*, Phoenix, AZ
- 7/08 **Slusher BS**, Rojas C, Thomas AG, Zhang J, Luby T, Rubenstein E, Sebastiani S, Cantoreggi S. "Palonosetron, but not Ondansetron or Granisetron, Exhibits Receptor Internalization and Long-term Inhibition of Function." *Hematology/Oncology Pharmacy Association (HOPA)*
- 6/09 **Slusher BS**. "Palonosetron, in contrast to ondansetron and granisetron, induces 5HT₃ receptor internalization and attenuates NK1 receptor functioning." *Multinational Association of Supportive Care in Cancer (MASSC)*, Rome, Italy
- 7/09 **Slusher BS**. "Direct comparison of the neuropathy-inducing effects of Eribulin, Ixabepilone, and Paclitaxel in mice." *Conference on Microtubule-directed agents and their side effects*. Woodcliff Lake, New Jersey
- 3/10 **Slusher BS**. "Palonosetron uniquely inhibits NK-1 agonist responses in vitro and in vivo." *Hematology/Oncology Pharmacy Association (HOPA)*, New Orleans, LA
- 4/10 **Slusher BS**. "Strategies for Pre-Clinical Translational Research" *Translational Research Workshop*, Baltimore, MD
- 9/10 **Slusher BS**. "Why is it important to move academic innovation into therapeutic development and how can we do it better?" Life Science Summit, Opening Plenary Session speaker, Translational Research, New York, NY
- 9/10 **Slusher BS**. "Practical Applications of Drug Discovery in Academia." Life Science Summit, Translational Research Panel speaker, New York

- 12/10 **Slusher BS.** "Pharmacological Differences Among 5-HT₃ Receptor Antagonists." *International Meeting of Supportive Care Therapeutics*, Dublin, Ireland
- 2/11 **Slusher BS.** "GCP11 inhibition for the treatment of peripheral neuropathy and neuropathic pain." *American Society of Experimental Therapeutics (ASENT)*, Washington DC
- 2/11 **Slusher BS.** "DAAO inhibition for the treatment of schizophrenia." *American Society of Experimental Therapeutics (ASENT)*, Washington DC
- 10/11 **Slusher BS.** "NeuroTranslational Drug Discovery Model" *Drug Discovery in Academia*, Johns Hopkins, Baltimore MD
- 11/11 **Slusher BS.** "Drug Development Basics: It is a very multidisciplinary effort." Life Science Summit, Translational Research Panel, New York
- 2/12 **Slusher BS.** "The Changing Paradigm of Academic Drug Discovery." *American Society of Experimental Therapeutics (ASENT)*, Washington DC
- 2/12 **Slusher BS.** "Inhibition of System xc- for the treatment of brain cancer." *American Society of Experimental Therapeutics (ASENT)*, Washington DC
- 4/12 **Slusher BS.** "NeuroTranslation, Neurologists and Neuroscientists: Defining the Next Generation of CNS Therapies." *American Academy of Neurology*, New Orleans, LA
- 9/12 **Slusher BS.** "Changing Landscape of Drug Discovery in the US." European Symposium on the Design of Academic Drug Discovery, Copenhagen, Denmark
- 9/12 **Slusher BS.** "Translational Activities: the Data Package". The Plexiform Neurofibroma Scientific Summit, Farmington, PA
- 10/12 **Slusher BS.** "Academics in CNS Therapy Discovery". ASENT-ANA Satellite Workshop on *Enhancing CNS Therapy Development*, Boston, MA
- 11/12 **Slusher BS.** "Evolution or Revolution? Transforming How Basic Research Discoveries Become Life Saving Therapies". Life Science Summit, Translational Research Panel, New York, NY
- 1/13 **Slusher BS.** "HTS and Early Drug Discovery in Industry and Academia. Collaboration: Is the Sum Greater Than the Two Parts?" Society for Laboratory Automation and Screening (SLAS) Annual Meeting. Orlando, FL
- 2/13 **Slusher BS.** "Overview of the Drug Discovery Process". Training in Neurotherapeutics Discovery and Development for Academic Scientists. Bethesda, MD.
- 2/13 **Slusher BS.** "Neuropathy Inducing Effect of Microtubule Binding Agents", Eribulin Scientific Advisory Board, Hoboken, NJ
- 6/13 **Slusher BS.** ANA Translational and Clinical Research Course, "How to Do Translational Neurology in Academia", Baltimore, MD
- 10/13 **Slusher BS.** "Founding the Academic Drug Discovery Consortium: implications and future", 2013 ADDC Conference, Nashville, TN
- 10/13 **Slusher BS.** "How to fund academic drug discovery", 2013 ADDC Conference, Nashville, TN
- 10/13 **Slusher BS.** "The changing ecosystem of drug discovery in the US: DAAO inhibition for the treatment of schizophrenia as an example of an academic drug discovery program", Keynote address for the 30th annual University of Pennsylvania Pharmacology Symposium, Philadelphia, PA
- 11/13 **Slusher BS.** "Targeting xCT for NeuroAIDS", 2013 International Society of NeuroVirology (ISNV), Plenary lecture, Washington DC
- 12/13 **Slusher BS.** "Challenges and Opportunities in Developing New Drugs for Neurological Disease", Lecture in the JHU Diseases and Disorders of the Nervous System Course, Baltimore, MD
- 2/14 **Slusher BS.** "Peripheral nerve accumulation of tubulin agents", Eribulin Scientific Advisory Board, Hoboken, NJ
- 3/14 **Slusher BS.** "Drug Discovery Goes back to School", FPN International Research Symposium, Chicago, IL
- 6/14 **Slusher BS.** "Fundamentals of Drug Discovery", University of MD Pharmacy School, Regulatory Science Course Lecture, Baltimore MD

- 6/14 **Slusher BS.** "Rise of Academic Drug Discovery", SelectBio Virtual Drug Discovery & Development Conference, (DDD 2014)
- 6/14 **Slusher BS.** "Johns Hopkins Drug Discovery". Research Matters. Cigarette Restitution Fund Conference, Maryland Implementation of Cancer Biotech Development, Baltimore, MD
- 7/14 **Slusher BS.** "How to Do Translational Neurology in Academia", ANA Translational and Clinical Research Course, Chicago, IL
- 8/14 **Slusher BS.** Symposium on Technology for the Future - Personalized Medicine. Co-organized by National Taiwan University and the Arizona-Taiwan Society of Technology. Taiwan
- 10/14 **Slusher BS.** "Opening Remarks and Welcome" Addressing Irreproducibility in Target Validation Conference, Cambridge, MA
- 10/14 **Slusher BS.** "The Academic Drug Discovery Consortium as a New Model for BioInnovation" Technology Transfer Society Conference, Baltimore, MD
- 2/15 **Slusher BS.** "Small molecule inhibitors of system xc- and glutamate carboxypeptidase II". (plenary lecture) Institute of Organic Chemistry and Biochemistry, Prague, Czech Republic
- 2/15 **Slusher BS.** "Differential neuropathy induced by chemotherapies". Peripheral Neuropathy Symposium, Santa Barbara, CA
- 5/15 **Slusher BS.** "Therapy Development in the Era of Team Science and Big Data: What will the Future Bring to the Patient with Epilepsy?" University of Utah Anticonvulsant Drug Development Symposium, Park City, UT
- 5/15 **Slusher BS.** "Development of PSMA and system xc- inhibitors as examples of academic drug discovery". Clinical Pharmacology Seminar, Baltimore MD
- 6/15 **Slusher BS.** "The role of Academia in discovering new therapies for pediatric brain cancers". (plenary lecture), Children's Tumor Foundation, La Jolla, CA
- 7/15 **Slusher BS.** "How to Do Translational Neurology in Academia" 7th Annual Translational and Clinical Research Course for Clinician-Scientists, sponsored by the American Neurological Association, Mt. Washington Conference Center, Baltimore, MD
- 9/15 **Slusher BS.** "Pharma-academic collaborations in drug discovery" (plenary lecture). Cutting Edge Drug Discovery & Development in Michigan Symposium, East Lansing, MI
- 10/15 **Slusher BS.** "How can Academia and Industry work together to benefit Patients?" Eisai presentation for Human Healthcare Week, Baltimore, MD
- 10/15 **Slusher BS.** "No Longer Lost in Translation: Johns Hopkins Drug Discovery and its innovative public-private partnership for the development of system xc- inhibitors, Brain Night, Baltimore, MD
- 12/15 **Slusher BS.** "Drug Discovery Goes Back to School: GCP II and xCT projects as examples of academic drug discovery." University of Maryland, Baltimore, MD
- 3/15 **Slusher BS.** "Development of system xc- inhibitors for brain tumor-associated seizures." Dickinson College. Carlisle, PA

OTHER PROFESSIONAL ACCOMPLISHMENTS

Drugs Discovered, Developed, and Supported:

Marketed Drugs:

1. Quetiapine (Seroquel™)
Antipsychotic; responsible for preclinical receptor pharmacology
2. Palonosetron (Aloxi™)
Anti-emetic; responsible for pharmacological differentiation from first generation 5HT3 antagonists
3. Fospropofol (Lucedra™)
Procedural sedative; responsible for preclinical toxicology/pharmacokinetics; NDA submission
4. Eribulin (Halavan™)
Antineoplastic; responsible for neurotoxicity differentiation from other taxanes used for breast cancer; NDA submission

5. Netupitant/Palonosetron (Akynzeo™)
Anti-emetic; responsible for 5HT3 and NK1 synergistic pharmacology characterization; gave opening lecture at drug launch

Drugs in Development:

6. GPI 5693 (GCP11 inhibitor)
Neuropathic pain; Inventor; led both research and development teams; responsible for IND submission and completion of Phase 1 trials
7. E2016 (PARP inhibitor)
Breast/Ovarian cancer; Managed research, clinical candidate selection, and preclinical development
