Education and Training

1986-1990	B.S.	University of Notre Dame
1991-1995	M.D.	University of Louisville School of Medicine
1996		Diploma in French, Institut Francais D'Annecy, Annecy, France
2003		Business of Medicine Graduate Certificate, The Johns Hopkins University
2004-2006	M.B.A.	The Johns Hopkins University Carey Business School, Health Care Management

Professional Experience

1992		National Institutes of Health Research Fellow, Clinical Brain Disorders Branch, National Institute of Mental Health
1995-1996		Internship, The Johns Hopkins Bayview Medical Center, Department of Internal Medicine, Baltimore, Maryland
1997-2000		Residency, Harvard Medical School, Massachusetts General Hospital, Department of Anesthesia and Critical Care, Boston, Massachusetts
2000-2001		Fellowship in Pain Medicine, The Johns Hopkins University School of Medicine, Department of Anesthesiology and Critical Care Medicine, Division of Pain Medicine
2001-2011		Assistant Professor, Department of Anesthesiology and Critical Care Medicine, Division of Pain Medicine, The Johns Hopkins University School of Medicine, Baltimore, MD
2001-2003		Director of Pain Education, Department of Anesthesiology and Critical Care Medicine, Division of Pain Medicine, The Johns Hopkins University School of Medicine, Baltimore, MD
2002-2003		Director of Quality Assurance, Division of Pain Medicine, The Johns Hopkins University School of Medicine, Baltimore, MD.
2003-2011		Director, Multidisciplinary Pain Fellowship, Department of Anesthesiology and Critical Care Medicine, Division of Pain Medicine, The Johns Hopkins University School of Medicine, Baltimore, MD.
2003-2008		Director, Blaustein Pain Treatment Center, The Johns Hopkins Hospital, Baltimore, MD.
2011-		Associate Professor, Department of Anesthesiology and Critical Care Medicine, Division of Pain Medicine, The Johns Hopkins University School of Medicine, Baltimore, MD

Educational Program Building / Leadership

2003-2009 Expansion of our ACGME-Accredited Pain Fellowship Program (4 fellows/year)

Since assuming the directorship of the fellowship, the number of applicants to the program has escalated from 50 applicants to 130 applicants, a 160% increase over a 5 year interval. I have advanced the program's reputation at national pain meetings as a presenter, advisory committee member, and conference organizer. Under my leadership, the fellowship has earned both the Alpharma Chronic Pain Research Fellowship for two consecutive years as well as the American Society of Regional Anesthesia and Pain Medicine Scholarship. Both awards have permitted our pain fellows to develop or fully participate in clinical research projects initiated during their fellowship training. During my directorship, several graduates of our program (Drs. Amit Sharma, Jose Sarria, Chad Brummett, Bryan Williams, Robert Hurley, and Anita Gupta) have pursued academic careers in pain medicine at Columbia University, Moffett Cancer Center, the University of Michigan, Rush Medical Center, the University of Florida, and the University of Pennsylvania respectively.

Educational Extramural Funding

2005-2007 American Society of Regional Anesthesia (ASRA) and Pain Medicine Scholarship
Identification number: 906270
Sponsor: ASRA
Amount: \$60,000
Percent Effort 5%
Salary None

This scholarship was awarded to one of our prior pain fellows, Dr. David Maine and to our pain fellowship program. Funding provided for presentation of research projects at national academic meetings, purchases of educational resources such as textbooks and anatomic models, and statistical support for clinical studies undertaken by Dr. Maine and the pain division.

2009-2010 Boston Scientific Neuromodulation Fellowship Grant
Identification number: 90038467
Sponsor: Boston Scientific
Amount: \$50,000
Percent Effort 2%
Salary None

The Boston Scientific Neuromodulation Fellowship Grant was awarded to Johns Hopkins Medicine for the first time this year. Fewer than 25% of those ACGME-accredited pain programs who applied for full funding actually received the entire \$50,000 grant. Awards were granted to institutions that demonstrated high quality and compassionate patient care, a sustained commitment to scholarly work by the faculty, board certification of the faculty in pain medicine, and broad training in the

interventional aspects of pain medicine. Funds were allocated to support educational and research initiatives for all 4 pain fellows.

2010-2011 Boston Scientific Neuromodulation Fellowship Grant
Identification number: 90038467
Sponsor: Boston Scientific
Amount: \$48,000
Percent Effort 2%
Salary None

The Boston Scientific Neuromodulation Fellowship Grant was awarded to Johns Hopkins Medicine for the second time this year. Fewer than 25% of those ACGME-accredited pain programs who applied for full funding actually received the entire \$48,000 grant. Awards were granted to institutions that demonstrated high quality and compassionate patient care, a sustained commitment to scholarly work by the faculty, board certification of the faculty in pain medicine, and broad training in the interventional aspects of pain medicine. Funds were allocated to support educational and research initiatives for all 4 pain fellows.

2011-2012 Boston Scientific Neuromodulation Fellowship Grant
Identification number: 90046427
Sponsor: Boston Scientific
Amount: \$48,000
Percent Effort 2%
Salary None

The Boston Scientific Neuromodulation Fellowship Grant was awarded to Johns Hopkins Medicine for the third time this year. Fewer than 25% of those ACGME-accredited pain programs who applied for full funding actually received the entire \$48,000 grant. Awards were granted to institutions that demonstrated high quality and compassionate patient care, a sustained commitment to scholarly work by the faculty, board certification of the faculty in pain medicine, and broad training in the interventional aspects of pain medicine. Funds were allocated to support educational and research initiatives for all 4 pain fellows
