Patient Rights and Responsibilities

(Day Hospital or Partial Hospitalization Programs, Opioid Treatment Programs, Outpatient Psychiatry and Transitional/Supportive Living)

*Additional Opioid Treatment Program (OTP) rights and responsibilities can be found in separate documentation within each OTP.

To promote patient safety, we encourage you to speak openly with your health care team, be well informed, and take part in care decisions and treatment choices. Join us as active members of your health care team by reviewing the rights and responsibilities listed below for patients and patient representatives.

You or your designee have the right to:

Respectful and Safe Care

- 1 Be given considerate, respectful and compassionate care that supports a positive self-image and dignity while in the clinical care area.
- 2 Be given care in a safe environment, free from abuse, neglect (verbal, mental, physical or sexual) or financial mistreatment while receiving clinical care.
- 3 Be free from restraints and seclusion unless needed for safety.
- 4 Know the names and jobs of the people who care for you.
- 5 Know when students, residents or other trainees are involved in your care.
- 6 Choose your own advocate, if needed.
- 7 Have your culture and personal values, beliefs and wishes respected.
- 8 Keep and use personal clothing and possessions, unless this affects your or others' rights or safety, or does not support the care plan.
- 9 Request a second opinion.
- 10 Have access to spiritual services.
- 11 Have conversations with the Ethics Service about issues related to your care.
- 12 Be treated without discrimination based on race, color, national origin, age, gender, sexual orientation, gender identity or expression, physical or mental disability, religion, ethnicity, language or socioeconomic status.
- 13 Be given a list of protective and advocacy services, when needed. These services help certain patients (e.g., children, elderly, disabled) exercise their rights and protect them from abuse and neglect.
- 14 Receive information about hospital and physician charges
- 15 Ask for an estimate of hospital charges before care is provided.

Effective Communication and Participation in Your Care

- 16 Get information during your visit in a way you can understand. This includes communication assistance, such as sign language and foreign language interpreters, as well as vision, speech and hearing assistance provided free of charge.
- 17 Get information from your doctor/provider about:
 - your diagnosis
 - your test results
 - possible outcomes of care and unanticipated outcomes of care

- 18 Be involved in your plan of care and discharge plan or request a discharge plan evaluation at any time.
- 19 Involve your family in decisions about care.
- 20 Ask questions and get a timely response to your questions or requests.
- 21 Have your pain managed.
- 22 Refuse care.
- 23 Have someone with you for emotional support, unless that person interferes with your or others' rights, safety or health.
- 24 Ask for a chaperone to be with you during exams, tests or procedures.
- 25 Choose your support person and visitors and change your mind about who may visit.
- 26 Select someone to make health care decisions for you if at some point you are unable to make those decisions (and have all patient rights apply to that person).

End of Life Decisions

- 27 Create or change an advance directive (also known as a living will or durable power of attorney for health care).

Informed Consent

- 28 Give permission (informed consent) before any non-emergency care is provided, including:
 - proposed care
 - goals, risks and benefits of your treatment
 - alternatives to that treatment
 - risks and benefits of those alternatives
- 29 Agree or refuse to be part of a research study without affecting your care.
- 30 Agree or refuse to allow pictures for purposes other than your care.

Work for the Organization

- 31 Receive fair wages for services provided.
- 32 Have work performed benefit your plan of care.
- 33 Refuse to work for or on behalf of the organization.
