Suburban Hospital

Since its founding in 1943, Suburban Hospital has remained committed to quality in every facet of the health care process. As a community-based, not-for-profit hospital serving Montgomery County and the surrounding area, the institution takes seriously its responsibility to provide safe, effective, compassionate medical care in a patient-centered setting.

Nationally Recognized Care

Known throughout the region and the nation for its exceptional services and programs, Suburban Hospital is accredited by The Joint Commission, the College of American Pathologists, the American College of Surgeons Commission on Cancer and the Maryland Institute for Emergency Medical Services Systems. Suburban received Magnet designation from the American Nurses Credentialing Center in 2019. Fewer than 8% of U.S. hospitals achieve this prestigious recognition. Suburban is the first and only hospital in Montgomery County to be Magnet designated.

Part of a Premier, Integrated System

Suburban Hospital is affiliated with many health care organizations, including the National Institutes of Health. On June 30, 2009, it became a member of Johns Hopkins Medicine, one of the world’s premier, integrated health systems, with six hospitals, four community-based health care and surgery centers, more than 40 primary health care sites throughout Maryland, managed care and home care services, and numerous overseas affiliates and management agreements.

Among Suburban Hospital’s specialty services are:

Cancer Care

- Suburban features a 26-bed inpatient unit for medical and surgical oncology patients.
- Our state-of-the-art technology includes intensity-modulated radiation therapy, digital mammography, breast MRI and MRI-guided biopsy.
- We provide health education, screening, clinical research, diagnosis, treatment and psychosocial support.

Emergency and Trauma

- Suburban is a recipient of the Emergency Nurses Association’s 2018 Lantern Award recognizing emergency departments that demonstrate excellent practice and innovative performance in leadership, practice, education, advocacy and research.
- We are the designated trauma center for Montgomery County and verified as a Level II Trauma Center by the Maryland Institute for Emergency Medical Services Systems.
- We treat more than 45,000 patients annually, including 1,500 major trauma cases.
- The Shaw Family Pediatric Emergency Center is staffed 24 hours a day by an emergency pediatrician and specially trained pediatric staff members.

Neurosciences

- Suburban Hospital’s stroke program is a nationally certified program that provides cutting-edge diagnostics and interventions.
- We provide general neurosurgical care and comprehensive treatment for multiple brain and nervous system conditions including brain tumors and movement disorders.
- Using innovative approaches, we treat diseases of the blood vessels that supply oxygen to the brain.
- Our team offers comprehensive, conservative and surgical spine care.

Cardiac Care

- Suburban Hospital provides cardiac surgery, elective and emergency angioplasty, and inpatient, diagnostic and rehabilitation services through Johns Hopkins Cardiothoracic Surgery.
- Recipient of the 2019 National Cardiovascular Data Registry Chest Pain — MI Registry Platinum Performance Achievement Award. Suburban Hospital is one of only 225 hospitals nationwide to receive the honor, which recognizes Suburban’s commitment and success in implementing a higher standard of care for heart attack patients and signifies that the hospital has reached an aggressive goal of treating these patients to standard levels of care as outlined by the American College of Cardiology/American Heart Association.
- We offer two cardiology care units for patients recovering from cardiothoracic procedures, cardiac diagnoses and certain cardiac procedures.
- Preparing to open in February 2020, two new advanced interventional cardiovascular labs with the flexibility to accommodate hybrid procedures that rely on advanced surgical imaging and less invasive endovascular access.
- Our cardiac rehab program has been providing phase I, II and III services for more than 35 years. This program is accredited by the American Association of Cardiovascular and Pulmonary Rehabilitation and our comprehensive services.

Orthopaedic Care

- Suburban was named by U.S. News & World Report as among the best hospitals nationally in orthopaedics for both knee and hip replacements.
- One of the busiest joint replacement programs in the state, Suburban cares for more than 1,900 patients each year.
- We offer conservative and surgical care for spine disorders in adults, including degenerative cervical and lumbar disease, spinal deformity, spine tumors and infection, and osteoporotic conditions of the spine.

Other Specialty Services

- Suburban is home to both inpatient and outpatient behavioral health programs, as well as an addiction treatment center, offering day treatment programs to adolescents and adults.
- Our comprehensive gynecology services treat a broad range of conditions with advanced, minimally invasive procedures, including the latest robotic technology.
- We run an extensive community health and wellness program, which invested more than $25 million in community benefit contributions in fiscal year 2018. The program includes 2,766 community health improvement programs, screenings, classes and activities that served 68,331 people in Montgomery County.
