

Mission Statement

To provide safe, high quality patient care in an atmosphere of professionalism, respect, and effective communication.

Vision

The Department of Pharmacy is committed to:

- ◆ **Patient Care:** Being an integral member of the healthcare team responsible for the outcomes associated with the medication use process.
- ◆ **Education:** Fostering an environment designed to advance knowledge of the rational use of medications.
- ◆ **Research:** Making sound decisions supported by evidence-based medicine through research on medication use and patient safety.
