- Java City Café
Intensive On-site Services (IOS)
IOS provides psychosocial educational services, which support individuals in achieving their identified life goals and tools to live well. All educational services are defined by the principles of recovery.

IOS offers care Monday through Friday, from 8:30 a.m. to 2 p.m. Saturday programs are offered twice a month.

Psychosocial Education Group Services
IOS provides a number of psychosocial educational groups based on the mental health recovery and wellness model. These groups support individuals in achieving their mental health recovery goals by educating them on tools and strategies to maintain wellness, and help them work toward improving their overall quality of life.

Individual Services
Each client is paired with a rehabilitation therapist who can offer assistance with navigating the entitlement process; coordinating medical and psychiatric provider appointments; connecting to community resources and crisis response; and assessing transportation needs.

Wellness Services
Individuals learn strategies to reduce life interruptions through an increased understanding of wellness concepts; creating a wellness foundation; completing personal wellness and crisis plans; and gaining continued support.

Supported Housing Services
Clients work with Adult PRP staff to obtain their desired living arrangement. Resources also are available for those who require assistance in securing and managing independent living, supervised living or transitional housing.

Supported Employment Services
Services include pre-employment training and assessment; job development and placement; job coaching; benefits management; vocational planning and counseling; and ongoing support services.

Behavioral Health Home
Staff help individuals reach their behavioral health goals through comprehensive care management; care coordination; health promotion; comprehensive transitional care; individual and family support; and referrals to community and social supports.

The Adult Psychiatric Rehabilitation Program is a recognized leader in:

- Recovery education
- Coordination of care
- Supported employment
- Supported housing
- Wellness planning

Accreditations:

- The Joint Commission
- Behavioral Health Administration of Maryland
- Maryland Department of Education Division of Rehabilitation Services
