

Are you having a baby?

We are conducting a research study to learn about women's mood and anxiety during and after pregnancy.

****We are enrolling women with AND without a history of mood or anxiety symptoms****

Are you pregnant, having a healthy pregnancy, and over the age of 18?

You may be eligible to participate and receive compensation. No medications or treatment involved.

Call **410-502-2586** or email smeilma1@jhmi.edu for more information.

Participants will be followed throughout their pregnancy and postpartum period by psychiatrists in the Women's Mood Disorders Center. Appointments consist of interviews, filling out questionnaires, and a blood draw.

Principal Investigator: Jennifer Payne, MD
