General Instructions for Completion of this Application

* Each section must be complete and legible or your application will be deemed incomplete and returned to you. This pertains to any attachment you include with the application; e.g., CV, copies of licenses, certifications, etc.

< The verification process on your education, training, and experience will not begin until a completed application has been received.

< Do not refer to an enclosed curriculum vitae in lieu of completing a section. A CV does not usually contain all the information needed (e.g., complete dates, addresses, names, etc).

< If a section does not apply to you, write in AN/A. Do not leave any block blank.

* All chronology must be accounted for from the completion of your medical/professional degree, to the present. Gaps of one month or more will cause the verification process to be delayed until you provide an explanation. Delays can also be caused by incomplete names and addresses -- please provide complete information in all sections.

* If additional space is needed, attach additional pages (make reference to the question being answered) or, copy the blank application page as often as necessary to provide complete information. Keep these additional pages in sequence with corresponding application pages.
